The Table set up by America that Europe and Russia gathered around will not Yield any Solution to the Syrian people

(Translated)

French President Macron, Russian President Putin and German Chancellor Merkel participated in the summit on Syria, hosted by Erdogan on October 27 in Istanbul. After the summit, a joint press conference was held and a joint statement was released. The statement stressed the need to protect the authority in Syria and its territorial integrity, and that the disagreement in Syria over the political negotiation process would end in accordance with United Nations Security Council Resolution 2254. The leaders' insistence on fighting terrorism to eliminate individuals, groups, Institutions and formations defined by 'terrorism' by the United Nations Security Council. Also the Sochi agreement on Idlib between Turkey and Russia on 17 September expressed the satisfaction that the parties were against the use of chemical weapons in Syria.

The table of this summit is the same table that was established in Geneva six years ago on 30/6/2012. Although there was no official representing America at the summit, the founder of this table is the Kafir America, and those sitting around it are the colonialist Europeans and Russia the murderer, which did not leave a stone untouched in Syria. However, the emphasis on United Nations Security Council Resolution 2254 in the final statement indicates that the process is under America's control. Moreover, not allowing the Turkish mediation in this statement, as in many previous resolutions, is the clearest evidence that the process is sponsored by America. Turkey's hosting of the summit is not in the interest of the Syrian people, on the contrary it clearly serves the American interests...

We in the Media Office of Hizb ut Tahrir / Wilayah of Turkey warn the rulers of Turkey and their president Erdogan of this kind of malicious plans that protect the interests of colonial America and leave the Syrian people at the mercy of the regime of the butcher, and we confirm that the table established by the Kafir America that colonial Europe and Russia the murderer sat around, will not produce a solution for the benefit of the Syrian people. Erdogan shows contradiction by referring to the dominance of the Security Council by saying that "the world is more than five (countries)" in the plenary session of the United Nations on the one hand, and speaking about the commitment to the Security Council resolutions on Syria on the other hand?! By Allah! Why do you behave like this?!

Why do you put Turkey in a hostile position against the Syrian people, even though they are our brothers and friends? Why do you turn a blind eye to all the destruction and oppression of the Syrian regime, Russia and Iran, the butchers who tore Syria apart and committed crimes against their rights?! Don't you see that America is the master of the killer Assad, which gave permission to Putin to enter Syria, which helped to ignite the fire of sedition there? Where did the rage go for what happened to the Syrian people, now that you are talking about Syria headed by Assad? Your way is not the right way! Therefore, we warn you of Allah's torment and the anger of the Syrian people and the hatred of the Islamic Ummah to you, if you continue in this road and did not change your position. Come back from this wrong path.
