Participation of the Uzbek Government in the Arab-Islamic Summit Held in Riyadh

(Translated)

On November 11, the Arab-Islamic Summit was held in Riyadh, the capital of Saudi Arabia, where the situation in the Gaza Strip was discussed. Uzbekistan's Prime Minister Abdulla Aripov participated in the summit. In his speech, Aripov did not go beyond "calling on the parties to reach peace...", which is not at all different from the treacherous approach adopted by the rulers of other countries. In his speech at the summit, he said: "Uzbekistan supports the right of the people of Palestine to establish their independent state in accordance with international laws. Life itself proves that this conflict can only be resolved on the basis of the principle of "two independent states for two peoples... If violence escalates, it will inevitably destabilize the international situation on a large scale and attract new forces into armed conflicts. All of this could lead to unexpected tragedies, not limited to the Middle East regions only..."

In this treasonous summit, the rulers of entire Muslim countries met to find a solution to the Palestinian issue. But this solution must be in the interest of the kaffir America, and to preserve the Jewish entity, and not in the interest of Islam and Muslims, and so it was... The summit was held after more than one month of the brutal massacre committed by the forces of the criminal Jewish entity on the people of Gaza - innocent children, women and elderly - in front of the eyes of the entire world, and which continues to this day. As if those being slaughtered in Gaza are foreigners, not Muslims! The truth is that even before this summit was held, the nature of the Muslim rulers had been revealed. Instead of declaring immediate military mobilization to liberate the Blessed Land of Palestine, these traitors and cowards did nothing but call for the opening of a humanitarian corridor, a ceasefire, peace talks, etc. As expected, not a single word was spoken, let alone a decision taken regarding military mobilization that would uproot the Jewish entity. In addition, proposals to sever economic relations with the Jewish entity, impose sanctions on it, and prevent American military bases in Arab countries from supporting the Jewish entity were rejected. So the summit did not go beyond empty statements and chatter.

Unfortunately, the speech of Prime Minister Abdulla Aripov, who participated in the summit as a representative of Uzbekistan, was not at all different from the speeches of other rulers. As a solution to the Palestinian issue, Aripov also proposed the American project of "two states for two peoples" to build an independent

Palestinian state, within the 1967 borders. This solution means agreeing to cede the blessed lands of Palestine to the Jews and recognizing the existence of the Jewish entity. It is clear that the traitorous rulers, including the government of Uzbekistan, are servile cowards who cannot deviate from the line drawn by their colonial masters in the West, especially America. The fact that the Arab League and the Organization of Islamic Cooperation are agent organizations and have no influence in international politics, not even in the region, has been confirmed once again.

As for the current events in Gaza, which Aripov mentioned with concern in his speech and his fear of “the possibility of attracting new forces into the conflict,” they are not limited to the Middle East, of course, as the genocide and massacres in Gaza shook entire Muslim countries and the Ummah demanded that the rulers mobilize armies. After none of these traitorous rulers responded to this call, the Ummah began to appeal to loyal soldiers in the ranks of the army. The truth is that what worries the Uzbek government, which stands behind Prime Minister Aripov, and all the traitorous rulers in all Muslim countries, is the emergence of loyal soldiers from among the Muslim armies who will respond to the call for victory today, and come to cleanse the blessed land of the filthy feet of the Jews, brothers of apes and pigs, and to liberate the Al-Aqsa Mosque, and then this action be linked to the establishment of the Khilafah (Caliphate) State, which is the true promise of Allah, and only the truly believers will rejoice in it, and the hypocritical traitors will tremble in fear of it. Gaza has divided the world into two parts, leaving all of humanity to choose between disbelief and faith. Obviously, the government of Uzbekistan, like all rulers of Muslim countries, failed to pass this test.

The great betrayal of the “religious leaders” in Uzbekistan was also exposed at this test from Allah, who instead of presenting the correct Sharia’ approach to the massacre to the people of Gaza, tried to divert people’s attention to secondary issues.

The events in the Blessed Land of Palestine will, Allah willing, serve as the spark that will give strong momentum to the return of the Khilafah. In the end, a great global event will occur that will terrify the kaffir colonial states and their agent regimes in the Muslim lands, which is the establishment of the Khilafah (Caliphate) State on the method of the Prophethood. ﴿وَيَوْمَئِذٍ يَفْرَحُ الْمُؤْمِنُونَ * بِنَصْرِ اللَّهِ يَنْصُرُ مَنْ يَشَاءُ وَهُوَ الْعَزِيزُ الرَّحِيمُ﴾

“And on that day the believers will rejoice at the victory willed by Allah. He gives victory to whoever He wills. For He is the Almighty, Most Merciful.” [Ar-Rum: 4-5].
