Houthi Militias Arrested a Member of Hizb ut Tahrir at a Mosque in the Capital Sanaa

(Translated)

Houthi militias arrested Brother Muhsin Muhammad Aldja'dabi, aged 38 years (approximately), he is a member of Hizb ut Tahrir in the Wilayah of Yemen, on Friday afternoon, 23/3/2017, from Al-Usta Al-Ka'in Mosque next to the Republic's (Al-Jumhori) Hospital, in the center of the capital Sanaa. Brother Mohsin Aldja'dabi was doing his duty conveying the call to the Khateeb (Imam) of the mosque, and offering advice to him, and revealing to him the Western schemes that stand behind the Anglo-American conflict in Yemen, and exposing their local and regional instruments, this was through intellectual discussion and countering the arguments with other arguments, but the surprise was - according to the news that reached us - that one of the relatives of the Imam of the mosque summoned a military crew from the Houthi militias who took our brother to the police station who still there until now!

Countering of intellectual debate and Islamic opinion and the word of truth with empty arrogant arrests, intimidation, and torture of the Dawah carriers from Hizb ut Tahrir shows the true bankruptcy of these chaotic arrogant militias; that were unable to manage any of the cities, except with iron and fire, following the steps of tyrants and rulers of darkness the most evil of creation, who are cursed by the people night and day. They planted fear and discord between the people of Yemen and looted public property and subjected the country to war in service of the Kaffir colonizers. We hoped that by coming to power they would implement what Allah has revealed, but unfortunately, a person cannot offer something that is not in his possession, and how can he be aware of the consequences of his actions. These militias are like the slaughtered, whose movement will end in despair and surrender, no matter how long is their injustice, they will meet their demise, and the consequence of injustice is undoubtedly serious and painful.

We call on them in the name of brotherhood in belief, and we advise them to return to their senses by adhering to the rules of Islam, and repent from injustice and from following the oppressors and from the service of Western schemes, especially the American one, which seeks to tear up the country and stir sectarian and religious strife among the people. We also call on them to release the oppressed detainees and to stop fighting the believers who are loyal to Allah (swt).

The members of Hizb ut Tahrir in the Wilayah of Yemen will continue, by the permission of Allah, to hold the torch of guidance and light to the worlds until they achieve their goal of resuming the Islamic way of life by establishing the righteous Khilafah (caliphate) on the method of Prophethood, in the way of Prophet Muhammad, peace be upon him, in establishing the first Islamic state in Madinah. The evil of the wicked and tyranny of the oppressors will not stop them, until Allah judges between them and those (oppressors) with the truth, and Allah is the best of Judges.
