Press Release

Hizb ut-Tahrir Hosted the Influential Women's Seminar Regarding Economic Exploitation of Women in Indonesia and across the Muslim World

The Central Media Office of Hizb ut-Tahrir in coordination with Hizb ut-Tahrir Indonesia have organized this important seminar today in Indonesia to address the deplorable state of economic exploitation and mass dehumanization of millions of women in Indonesia and across the Muslim world. It is part of a campaign launched by the Central Media Office of Hizb ut-Tahrir that will culminate with an international women's conference on the subject in Indonesia in December 2012.

In this seminar and campaign, we make the following points:

1. Endemic corruption, economic mismanagement, and exploitative policies and laws, resulting from failed leaderships across the Muslim world as well as the detrimental capitalist system implemented by Indonesia and other governments in the region has generated widespread desperate poverty in the Muslim lands. This has forced millions of women in Indonesia, Bangladesh, Pakistan and other parts of the Muslim world to leave their homes and children to seek employment, or work under slave-like conditions in backbreaking jobs to feed themselves and their families. These are women who are victims of both incompetent governments who have failed to provide for them effectively and the toxic capitalist system whose defining characteristic is concentrating wealth in the hands of the few while the masses go hungry and poor. The secular capitalist system, along with all other man-made systems and current leaderships of the Muslim world have failed the women of the region and need to be replaced by an alternative model of governance.

2. Governments across the Muslim world, including in Indonesia have often presented the billions of dollars of revenue from their female migrant workers as a proud achievement and positive contribution to economic growth in their countries, despite the fact that such revenue is tainted and generated from the economic enslavement and abuse of their women. This is also the nature of the capitalist system which views everything as a matter

of supply and demand and securing profit as the primary goal of society, dehumanizing women and men to nothing but economic commodities that bring financial benefit to the country, regardless of the harmful impact upon individuals or society, for it is system where government revenue speaks louder than human suffering.

3. Such a deplorable state of financial hardship and exploitation cannot continue for the region's women. A few changes in labour or migrant laws are meaningless actions that have no impact on alleviating this dire state of economic oppression. Every woman should be viewed and treated as a human being, protected, cared for, and provided for at all times, and NOT an object to generate wealth. However, this will only materialize under a way of life and system that holds the correct view towards the woman and truly cares for her wellbeing. This system is the Khilafah state that implements ALL the Islamic principles and laws upon the society. Islam's view of the woman is that she is a human being, who should always be financially provided for by her male relatives or by the state, while at the same time permitting her to seek employment if she wishes. But Islam does NOT accept for her to work under conditions of enslavement, humiliation and oppression but rather in an environment of security and dignity, where her high status in society is always preserved. It is the Islamic Khilafah system alone that offers time-tested sound Islamic economic policies that can lift the women of the Muslim world from their desperate poverty and generate an environment of economic prosperity, alleviating their suffering and bringing real change to their lives.

We call upon the women of Indonesia and the Muslim world to engage in this noble Islamic obligation to establish the Khilafah that will transform the women of the region from economic commodities to dignified, protected, and respected human beings - for in Islam the woman deserves no less.□

America Will Announce the Names of its New Agents in the Upcoming Doha Conference ... So Know Them and Reject them

(Translated)

The External Syrian Opposition meetings continue in Qatar, after opening in Jordan on 1st November, to examine the competence of the National Council in representing the opposition, or considering its expansion following Hillary Clinton's statement on October 31st 2012, that the National Council on its own is not valid to represent the opposition; and it must include other sectors with it ...

Thus America "suddenly" discovered that the National Council, which it itself produced, is an expired product! In fact, the reason of this move is not its expiration, for the Council as an American product was past its "sell-by date" since its birth. It is very distant from representing the people of Syria. However, America gave this statement because it discovered the increasingly serious talk of Europe (i.e. Britain and France) and their agents, such as Jordan and Qatar, about the disadvantages of the National Council, and the need for it to change. Hence America wanted to block this type of discussion, and to take part of the formation of a new body, giving it a more glittery shiny coating making the exposure of its disadvantages more difficult during this time, unlike the National Council! And later on, a transitional government and a military body would emerge from this body!

In order for America to block the path with heavy boulders, leaving no opening, it decided that the meeting for the emergence of the body should be in a country that, unlike Turkey for example, does not follow it. Rather it sent its followers to travel between Amman and Doha, thus taking the lead regarding the National Council. And it made its puppets excel in these meetings, which began in Jordan and continued in Qatar, the two pillar countries for Europe, in order to prevent European objections to this new body, as it would be born in Qatar! This is despite the fact that the one who designed and decided this body is the same one that designed and decided the National Council, namely America! Thus, the decision was that the Doha conference should discuss the choice of the "new leadership" and these meetings shall continue until the eighth of this month. The initiative of forming this body was given the name of its owner and godfather, i.e. the "Riad Seif Initiative." It is worth mentioning that Riad Seif was a member of Bashar's Parliament for two consecutive terms, meaning he is not a stranger

to the regime. On 3rd November writer Michel Kilo said on "Al Arabiya," "We are witnessing the transition from opposition to government ... and the formation of a military body to protect Syria from the chaos of weapons."

O Muslims rebelling in Al-Sham al-Islam:

The picture is clear which we have constantly worked for and remain working to reveal the plans for ash-Sham. It became quite evident that all the devised plans are in reality just plots to contain your revolution and circumvent your firm demand to rule by Islam, establish the law (shar') of Allah and resume the Islamic way of life throughout blessed Sham. They sometimes call you extremists and sometimes militants; indeed Clinton said, with complete arrogance, that she will not let "the extremists steal the revolution," as if the revolution did not originate from the mosques, and as if most of the blood that flowed was not Muslim blood. Even this Riad Seif who has suddenly appeared on the surface of the secular opposition swamp, carrying out a criminal project against you and the land of Islam in Al-Sham, expressed his stance against your Islamic project saying in his statement on the 1st of November, "The emphasis is on establishing a civil, democratic and pluralistic Syria." This is exactly what America has been trying to impose on you since the beginning of the revolution, but you stood in its face with pride and dignity. And you shouted, "Our leader forever is our Prophet Muhammad" and "Oh Allah! We are at your service." The time has come for you to translate these phrases into reality! We asked and still ask this measly opposition starting from Manaf Talas to Riad Hijab and even Riad Seif: What have you brought to your grieving and stricken Ummah? How does the previous regime differ from that which you have brought us? Will your military board be anything other than a replica of the Army of Iraq, which America intended to break the power of the Muslims in Iraq and to humiliate them?

O brave Muslims rebelling in al-Sham of victory and pride:

This is America that openly expresses its enmity to Islam and Muslims which is obvious in every area. It has appeared in Afghanistan and Somalia, and Iraq is not far from you! It now appears in Syria in the ugliest of its forms, as it did in the torture of Muslims in the prisons of Guantanamo, Bagram and Abu Ghraib including secret prisons and rendition flights, along with insulting the Deen of the Muslims during torture. It also appeared in the corrupt laws of America protecting those who attack the Qur'an and the Prophet of Islam *salla Allahu alaihi wa alihi wasallam*. Here it is now, intending to design your future while Europe runs behind it - satisfied with the

America's "generosity" by planning the meeting of the new leadership committee in countries loyal to Europe rather than holding it in its loyal countries such as Turkey. It offered Europe some crumbs in the committee, and thus, Europe was glad just to have saved its skin! America held the active role through its followers and agents, from Erdogan, Ahmadinejad, al-Maliki, all the way to Brahimi!

Whoever scrutinises the objective America and its allies seek in its "revised" old product would find that its future plan for Syria is based on:

- The creation of the new body for the opposition in Doha with America's oversight. For several months, America has been working through secret meetings led by its controversial ambassador, Ford. He asked them in one of his meetings in July of this year to sign a pledge in the event they received the reins of power or some part of it, that they would not implement anything before referring to the U.S. ambassador in Syria! After waiting for the right opportunity to announce that, it has now come!

- The formation of a transitional government made up of personalities belonging to the current Syrian regime, whose hands were not stained with the blood of Muslims according to their claim, and some members of the new body of the opposition. This transitional government would lead the change in the country on the basis laid down by America.

- The formation of a military body to protect the achievements of the American transitional government by adopting a new constitution whose clauses are based on the recognition of democracy and separation of religion from government, and thus from life. It is also to strike any military organization and the Islamic opposition which presents the rule of Allah as a radical solution to what is happening in Syria, who is accused of terrorism and extremism, and after employing the loyal media against the loyal, truthful rebels.

Such an "opposition" which prostrates to America instead of Allah is not from your type. And they did not understand that you will never kneel to other than Allah. They would rather put themselves in the same trench as the murderous regime and its American masters. So it is now a two-horse race:

One is of Islam that carries the Islamic method based on the rule of Allah ta'aala alone, represented in the establishment of the Islamic Khilafah, which America is fighting fiercely, along with Europe, Russia China and their

puppets, while they label the Islamic project with the most severe epithets.

And one is of the Western project, based on man-made law, which America rides and wants to use to keep the Syrian regime in place, simply changing its face. The evidence of this is apparent through the names that are circulated as leaders for this transition stage. It also appears in the intention to maintain the military leaders and the murderous security agencies... America and Europe make war with Allah, and they want to put out the light of His Deen with this project.

O Muslims in injured Syria:

Hizb ut-Tahrir / Syria is a part of you and belongs to you, as an honest advisor with the will of Allah. America is gathering its forces to execute the success of its plan. So beware and declare your outright refusal of its plan and the new opposition which America intends to announce at the appointed time. And know that those whom it will announce at the Doha meeting or after that are its new agents who will be a continuation of the criminal Bashar regime, so be on the lookout for them. And declare clearly that you do not accept other than the Glorious Book of Allah and the Sunnah of His Messenger (salla Allahu alaihi wa sallam) as a constitution for your life; and that there is no truth and nor justice except with them. And that no one will represent you except the Khaleefah of the Muslims. This is the best response you can give to America, its allies and its initiative, and to the new opposition and its depravity. Contemplate with us the words of Allah:

﴿يُرِيدُونَ أَنْ يُطْفِئُوا نُورَ اللَّهِ بِأَفْوَاهِهِمْ وَيَأْبَى اللَّهُ إِلَّا أَنْ يَتِمَّ نُورُهُ وَلَوْ كَرِهَ الْكَافِرُونَ ﴿٣٢﴾ هُوَ الَّذِي أَرْسَلَ رَسُولَهُ بِالْهُدَى وَدِينِ الْحَقِّ لِيُظْهِرَهُ عَلَى الدِّينِ كُلِّهِ وَلَوْ كَرِهَ الْمُشْرِكُونَ﴾

"They seek to extinguish the light of Allah with their mouths, and Allah refuses everything except that He will perfect His light, howsoever the unbelievers might abhor it. He it is who sent His Messenger with the guidance and the True Religion that He may make it prevail over all religions, even though the Pagans may detest it." [9: 32-33]□

Acceptance by the Opposition Syrian National Council of Farouk al-Sharaa as the Leader of the Transitional Stage is Clear Evidence of the Opposition's Disconnection from the Sufferings and Hopes of the Blessed Revolution in al-Sham

(Translated)

At a time of heightened tension on the Turkish-Syrian border, following the bombing by Syrian forces on the Turkish town of Okjakali, killing a Turkish family of five; Turkish Foreign Minister, Ahmet Davutoglu, revived an old proposal. This proposal summarised Syrian Vice President, Farouq al-Sharaa, will replace his boss, Bashar, in serving America by championing the transitional government to stop the on-going civil war in Syria, which is along the same lines of the Yemeni model.

Davutoglu did not stop there, further adding an ugly melody claiming al-Sharaa is "a man of mind and conscience; he has not participated in the massacres in Syria, and no one else knows the regime in Syria better than him." He added that the opposition is inclined to accept al-Sharaa to lead the future Syrian administration. No sooner had Davutoglu concluded his folly, approval statements came from the dying so-called opposition of the National Council, calling for the American recognition and endorsement. It was also announced that an extensive meeting from the opposition will be held in Qatar on 17/10/2012 to promote this proposal and hear responses.

In response to what we have mentioned, Hizb ut-Tahrir reminds Muslims in Syria of the following facts:

- This proposal is an American one, presented on the lips of Davutoglu and others through its study of solutions designed according to its manner, in order to see how it would be received! We ask Davutoglu: Did you not realize the situation on the ground has gone far beyond this infamous project?! Did you not know Farouk al-Sharaa is in the grip of Bashar?! How he will implement any proposal without Assad's approval?! Indeed this is a foul tasting American meal, unacceptable, except to those with rotten and corrupt tastes!

- Farouq al-Sharaa is a secularist, a Baathist and a child of this regime. He was brought up by the senior al-Assad, and inherited by his son. A man like al-Sharaa, who worked for fifteen years as Foreign Minister at the time of Assad Senior, then as Vice President to Bashar during his term, illustrates that he has satisfied the two criminals: Hafez and Bashar. Despite knowing they have never tolerated any deviations from their policies. His tenure during these two positions clearly indicates the strength of al-Sharaa's loyalty to America, who may have recommended to not abandon him to both father and son, just as it now recommends him as an alternative to Bashar.

- Hizb ut-Tahrir warns sincere individuals from the political opposition abroad, and the armed believer opposition of Qatar, Saudi Arabia and Turkey, and their own media and anyone who tries to sell the noblest revolution cheaply. These pretend to support your revolution to dictate the solutions of their masters. Were they honest with you, they would have provided you with weapons which would have speedily resolved the fate of the Syrian criminal regime, and would have saved you from the further killing of your fathers, mothers and children. Instead, they refrained from doing so and justified their actions saying (like their masters), "We fear these weapons might reach terrorist groups." You know that they imply Islam when saying 'terrorism' and terrorist groups are the armed Islamic groups. Indeed Allah Almighty said the Truth:

﴿وَمَا تَقْصُوا مِنْهُمْ إِلَّا أَنْ يُؤْمِنُوا بِاللَّهِ الْعَزِيزِ الْحَمِيدِ﴾

“Against these they had no grudge except that they believed in Allah, the Most Mighty, and the Most Praiseworthy.” [85:8]

O Muslims in Al-Sham of Victory:

The best response to all conspiracies plotted for us in Syria is to hold fast to the strong rope of Allah, the Book of Allah. Whoever holds on to it will be guided onto the straight path. The strongest response to our enemy, both visible and invisible, the near and the far, is to join our words with the work to establish the second rightly guided Khilafah, in which we would live happily or die for it as martyrs. The dear price we gave of our martyrs, the moans of our wounded, the cries of our bereaved women and the sufferings of our children; none of this will be wasted, Allah willing, by politicians who are agents and their masters. We would instead achieve through it a great victory in this world and in the Supreme Paradise in the Afterlife, Allah willing. So, let us raise the ceiling of our goals until they reach the sky; for we are the people of al-Sham, which our beloved Prophet said about: طوبى للشام **“Blessed is al-Sham.”**

And we, Allah willing, from the people of His Almighty promise:

﴿وَعَدَ اللَّهُ الَّذِينَ آمَنُوا وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ الَّذِينَ مِنْ قَبْلِهِمْ وَلَيُمَكِّنَنَّ لَهُمْ دِينَهُمُ الَّذِي ارْتَضَى لَهُمْ وَلَيُبَدِّلَنَّهُمْ مِنْ بَعْدِ خَوْفِهِمْ أَمْنًا يَعْبُدُونَنِي لَا يُشْرِكُونَ بِي شَيْئًا وَمَنْ كَفَرَ بَعْدَ ذَلِكَ فَأُولَئِكَ هُمُ الْفَاسِقُونَ﴾

“Allah has promised, to those among you who believe and work righteous deeds, that He will, of a surety, grant them in the land, inheritance (of power), as He granted it to those before them; that He will establish in authority their religion - the one which He has chosen for them; and that He will change (their state), after the fear in which they (lived), to one of security and peace: 'They will worship Me (alone) and not associate aught with Me. 'If any do reject Faith after this, they are rebellious and wicked.” [24:55]□

O Muslims! Your Stance Friday: "America... Will You Never Tire of your Lust for Our Blood?" Is a Stance of Glory and a Direct Answer to the Eid Truce Offered by America (Translated)

The States rushed to support their proposal of the "Eid Truce" through Lakhdar Brahimi, the international envoy of the United Nations, the den of conspiracies and enmity. It is a proposal to pave the way for negotiations with the despotic regime to reach transitional authority to the regime's advantage instead of ending the bloodshed, as they claim. Otherwise, how did the regime massacres increase with the start of the Brahimi's mission, especially when he proposed the truce?!

During this time, the States in the region and the Arab League of shame and disappointment seized this proposal, giving it their support and blessing. The criminal and murderous head of the regime accepted it as well with content and relief, thinking that his crimes would be erased, and he and his followers would have a role in Syria's future, thus avoiding his due punishment.

At this time, the reaction of the righteous rebels of Ash-Sham gave the Friday of 19/10/2012 the name of **"America... Will You Never Tire of your Lust for Our Blood?"** This came as a fierce slap to the hateful face of America, and backlashed on the head of its puppets that sell the suffering of the proud Syrian people. Their plots are only like the words of Allah the Almighty:

﴿مَثَلُ الَّذِينَ اتَّخَذُوا مِنْ دُونِ اللَّهِ أَوْلِيَاءَ كَمَثَلِ الْعَنْكَبُوتِ اتَّخَذَتْ بَيْتًا وَإِنَّ أَوْهَنَ الْبُيُوتِ لَبَيْتُ الْعَنْكَبُوتِ لَوْ كَانُوا يَعْلَمُونَ﴾

"The parable of those who take protectors other than Allah is that of the spider, who builds (to itself) a house; but truly the flimsiest of houses is the spider's house; - if they but knew." [al-Ankaboot:41]

Whoever reflects on the name chosen by the free rebels for this Friday, **"America... Will You Never Tire of your Lust for Our Blood?"** would realise the extent of the political awareness of the faithful youth revolution in Syria has reached. Such a name does not only reveal America's well-known hostility to the Ummah, its conspiracy against the region's people, and the loyalty of their tyrant repressive regimes, through the support, backing and concealment of the White House. It also reveals the truth that stuns America and its puppets, that the righteous rebels of Ash-Sham categorically refuse all American projects in the region. And they are aware of America's and its agents' initiatives and maneuvers plan to circumvent the revolution of the sincere youth, who persevered to seek the pleasure of Allah, and raised the banners of Rasoolullah and chanted: "We will never kneel except to Allah" and the days of the European/American conflict over the Muslim countries in general, and land of Al-Sham specifically, will soon end, Inshallah.

The revolution of Ash-Sham has exposed the tricks of America and Europe, the false claims of Obama and Clinton, and the enmity of Russia and China, including their agent rulers in the neighbourhood of Al-Sham and surrounding area. Rather this revolution with this awareness trampled the meager task of Brahimi and ended it, as it ended before the missions of al-Dabi and Annan.

We in Hizb ut-Tahrir warn of the enemy that appears to us "dressed as a friend" and warn of the games of those who trade with the blood and sacrifices of others, such as the National Council and the military juntas that are built on the views of our enemies, such as secularism, civil state, and democracy.

We warn our rebelling people and the sincere leaders of the battalions to keep away from these fake councils. For the solution must stem from the 'aqeedah of the people of the country. America, Europe, the UN, the Arab League and the puppet regimes must be prevented from harming the blessed Al-Sham; and this regime, with all of its pillars and personalities, must be totally overthrown.

Dear rebels in the land of Ash-Sham, the central abode of Islam despite the will of the tyrants:

We in Hizb-ut Tahrir, Wilayah of Syria, urge our rebelling people to stand firm in the truth of their work despite all odds and sacrifices. They have to make those acts purely for the sake of Allah, on the way and the guidance of the Noble Prophet, sall Allahu alaihi wa sallam, asking the Lord to make the rightly guided Khilafah State the best news ...[Cont. on p. 55](#)

Allahu Akbar... Allahu Akbar... Allahu Akbar ... wa Lillahi alHamd.**

Praise be to Allah, prayer and peace be upon the Messenger of Allah and on his family, companions, and allies... and upon those who followed in his footsteps, and made the Islamic faith the basis for his thought and the divine rulings as the criterion for his actions and the source of his judgments...

O Muslims everywhere...

It also honors us to convey his congratulations to the young men and women of Hizb ut-Tahrir who struggle day and night to uphold the word of Allah by their efforts in the establishment of the Khilafah State as heralded by Allah's servant and Messenger, peace be upon him.

Last year, I prayed to Allah, the Everlasting and Self-Sufficient, to honour us with the establishment of the Rightly Guided Khilafah and we are now witnessing the fall of the Sham's tyrant.

We are witnessing the Sham's revolution, the plots of the Western countries day and night, especially by the United States and its complicity with the cut-throat tyrant of Damascus, in spilling precious blood in broad daylight using everything in its means for continuing the killing and destruction. This clearly indicates the paramount concern of Western leaders and their crony Muslim rulers that the outcome of the revolution in al-Sham will result in the Khilafah State.

Had the revolution in Syria yielded to America's dictate by accepting her plot, then the bloodshed would have stopped and America would have imposed another "Karzai" or "Tantawi" steering the revolution in America's direction (like the case in Egypt), and the thugs of the American named

Syrian National Council, which is nothing but a product of the Turkish-American regime, would have entered the presidential palace in Damascus under the pseudo-title of "Guardians of the Revolution."

However, the revolutionaries of ash-Sham exposed this plot during last Friday, entitled **"America... Will You Never Tire of your Lust for Our Blood?"** Such is their keen awareness of America's plots.

As we congratulate the entire Ummah on the blessed occasion of Eid al-Adha, we take this opportunity to remind all Muslims of their duty, and foremost amongst them the leaders and officers of the armies and those of power with the ability to bring about change. We remind them of the divine duty to support their brothers and their families in Syria which the Prophet al-Mustafa described as the heart of Dar al-Islam. And we bring good tidings to our people in ash-Sham that Allah (swt) has promised victory, but they will purify their sacrifices in the way of seeking Allah's pleasure with one of two great blessings: victory or martyrdom.

As I convey to you and the Muslim Ummah congratulations from the Central Media Office of Hizb ut-Tahrir and all its activists, I pray to Allah Almighty that the following Eid; the Islamic Ummah will be living under the banner of the Islamic State. And that they will have united and triumphed, Inshallah, and become centre stage. Indeed Allah the Glorified is able to ensure it.

Oh Allah! Yaa Hay yaa Qayyum, yaa Hanan Yaa Mannan. Oh You who raised the heavens without any pillars, honour us with the Khilafah State. Honour us with your blessed support against your enemies, against the butcher of Damascus and his followers and support those who fight in Jihad in Your path everywhere and empower them to uphold your word and support your Deen.

We would like to draw to your attention that a special broadcast has been arranged on the occasion of this Holy Feast starting Friday, the first day of Eid al-Adha.

We pray that every year you are well and that Allah accept your acts of obedience. May peace and Allah's mercy and blessings be with you. **"Glory is yours and all praise we testify that there is none worthy of worship but You, we seek your forgiveness and turn in repentance to you."**

The night of Eid al-Adha in the year of one thousand, four hundred and thirty-three Hijri. □

Statement of Hizb ut-Tahrir / Indonesia: Rally To Express Solidarity for Rohingya Muslims

As reported, Muslims in the area of Rakhine or Arakan, Myanmar, have again been persecuted. According to official data, 67 people were killed in the latest unrest during the past few days. AFP reported on Sunday (27/10/2012), Spokesman of Rakhine state said that nearly half of the dead were women. The United Nations said the latest clashes forced around 3,200 people to live in refugee camps in Sittwe, the capital of Rakhine, which is organized by the UN. Including another 2,500 people were reportedly on their way to the camps.

After decades of discrimination, Muslim Rohingya have lived in the Rakhine or Arakan region since the 8th century, have now become stateless. The Burmese government continues to persecute them ruthlessly, restrict their movements, deny them the right to possess land, deny access to education and public services. The government forces them to flee to different countries such as Bangladesh, Malaysia or Thailand. It is estimated that there are more than 500,000 Rohingya people living in the country. According to UNHCR, around 1 million Muslims Rohingya are now forced to live outside Myanmar, but there is not a third country willing to accept them permanently.

With all of its policies, it is clear that the Myanmar government has the intention to make the Muslims suffer and carry out a religious cleansing of the Rohingya Muslims. It is clear from the statement of the President of Myanmar, Thein Sein, that Myanmar will make the Rohingya Muslim flee "if there is a third country willing to accept them." For this ruthless president who acts cruelly to his own people, there are only two solutions for Rohingya Muslim: living in refugee camps or being deported.

Certainly, this reality brings sadness. The Rohingya Muslims are an integral part of the Muslim world that is now more than 1.5 billion people. How are so many Muslims could are unable to protect their own brothers who are being persecuted brutally. Where is the Izzah or the glory of the Ummah? This fact, together with the similar affliction experienced by Muslims in Pattani, in southern Thailand, Moro, in Southern Philippines and Iraq, Afghanistan and Palestine, shows one thing: that Muslims weak and

powerless after the collapse of Khilafah, the protector of the Ummah, in 1924.

Regarding this issue, on Wednesday, October 31st, 2012, Hizb ut-Tahrir Indonesia staged a rally to express solidarity for the Rohingya Muslim in front of Myanmar Embassy in Jakarta, and states:

1. Strongly condemns the acts of violence, destruction of property belonging to the Rohingya Muslims, massacres and expulsions carried out by the Buddhist extremists, backed by the priests and the Burmese government against the Rohingyas Muslims in Arakan, Burma, as an act of barbarism. Such actions should not be done by any civilized human beings.

2. Urge the Myanmar government to immediately stop this ruthless act and stop all policies that aims for the genocide of the existence of the Rohingya Muslims in Arakan region. Rohingya Muslims have been in Arakan region several centuries before Myanmar existed as a state and therefore, they should be recognized as the legitimate residents of the territory with all of their rights.

3. Urge the Indonesian government, as a country with the largest Muslim population, to take effective measures to stop the cruelty as well as provide protection to Rohingya immigrants who arrived in the territory of Indonesia.

4. Call upon the Muslims everywhere to act hand in hand to express solidarity for Rohingya Muslim in all its forms. In addition, call upon the people to work hand in hand earnestly for the enforcement of Sharia and the Khilafah. Only under the shade of the Khilafah will the 1.5 billion Muslims be strong and united, so that the protection of the dignity of Muslims in many areas, including that of the Rohingya Muslims can be attained realistically, and avoiding similar oppressions in the future. Insha Allah.

Treacherous Rulers Want to Engulf Karachi in the Flames of American War

**Traitors within Political and Military Leadership are Responsible for
Karachi's Crisis**

Traitors within political and military leadership are preparing to engulf Karachi, the biggest city and the economic engine of Pakistan, in the flames of America's war. After their severe defeat to win public opinion for military operations in North Waziristan, traitors within the political and military leadership are shifting the blame for Karachi's dismal situation upon tribal Muslims so that they can expand the so-called American war on terror to the major cities of Pakistan, after meting destruction upon the tribal areas. The people of Pakistan now know the purpose of this American war is to continue a war of Fitna between our Pakistani armed forces and other Muslims, which weakens Pakistan and making it a weak state besides India, even though Pakistan possesses the seventh largest armed forces in the world and the only Muslim country armed with nuclear weapons. Rulers have allowed the flourishing of criminal activities like killing, abduction for money and extortion so the people of Karachi are compelled to ask the army to intervene in order to "normalize" the law and order situation in Karachi. It is the duty of the police, not the army, to maintain the law and order situation within the country. And it is the army's duty to protect the country and its people from American aggression.

Yet, on 9 August 2011, the former Sindh Interior Minister, Manzoor Wisan, after meeting US Counsel-General William Martin said America is ready to supply equipment and expertise in order to control the situation in Karachi. This statement proves that the demand for operations in Karachi is an American demand. To blame the tribal people for the law and order situation in Karachi is an open lie and the people of Karachi also know this fact clearly because Karachi is a city where police, rangers, army, judiciary, administration and political parties are present and work. The factual posi-

tion, whenever traitors within the political and military leadership want to spread this American war of Fitna to new regions, they allow further deterioration of law and order situation of the area with the help of American CIA, Blackwater-type private military organizations and the Raymond Davis network and then place the blame upon tribal Muslims. Then they start military operations in the area in the name of establishing the writ of government, which eventually results in the destruction of the social and economic life of that area and Pakistan becomes even weaker. This is the reason that in whatever area a military operation was launched, life has not returned to normal until today, because the purpose of the operation was never meant to restore law and order or establish the writ of the state, rather its purpose is to spread the flames of the war of Fitna and to weaken Pakistan, the strongest Muslim state in the world.

Hizb ut-Tahrir has been warning the people for the last year that traitors within the political and military leadership want to spread this war of Fitna to the major cities of Pakistan. Hizb once again warns the people that they should reject the conspiracy hatched by traitors within the political and military leadership to throw Karachi in the flames of the American war, as they rejected the conspiracies of the traitors to gain their support for the military operation in North Waziristan. The people must not lend their support for any military operation in Karachi.

Hizb ut-Tahrir demands from the sincere officers of Pakistan armed forces to uproot the traitors within the political and military leadership and provide Nusrah to Hizb ut-Tahrir for the establishment of Khilafah. Your silence has given courage and strength to these traitors to appease their master America by hatching new conspiracies against this Ummah, even after the continuous failure of their conspiracies. Only the Khilafah will liberate Pakistan from this American war of Fitna and then the arms and ammunition of Muslim armies will not be used against their Muslim brothers, rather it will only be used to liberate Muslim lands occupied by the hateful Kafir.□

Ongoing Zanzibar Police Oppression is Failure of Democracy

Hizb ut-Tahrir / East Africa apart from condemning the past two weeks of violence in Zanzibar, forcefully condemns the Tanzania Police Force brutality and their collaboration with Zanzibar Paramilitary Units (Kvz) on intimidations, harassments, arbitrarily arrests, torture, illegitimate home intrusion, extra-judiciary killings and taking law into their hands under the pretext of restoring peace and order. A situation that has caused a sense of fear, hate and further triggered social relations.

This ongoing Police and Paramilitary harassment indicates the double standard and hypocrisy of democracy since it has been known to everyone for a while, that a radical nationalistic stance (Assabbiya) on issue of union between Tanganyika and Zanzibar is being blessed by the Government of National Unity (GNU), suddenly overnight became a great sin! Not to mention democratic lies of 'rule of law' and an empty evil slogan of 'freedom of opinion.' It is only freedom when an opinion complies with and accepted by the state.

Furthermore, this current scenario exposes a day-dream and empty expectations full of deceit to fool the people on the issue of Government of National Unity, which openly proves the failure of security aspects, not to mention the other aspects especially the economic aspect where its rotten is blatant. And this failure is natural because the basis is built upon the wrong and evil ideology of democracy.

Hizb ut-Tahrir clearly states that it is only Islam whose stance is built upon a strong basis and not benefit, and true peace and tranquility can only be guaranteed under the shade of its state, Khilafah. □

We Vehemently Renounce the Intentional Distortion of Facts Concerning Hizb ut-Tahrir by "Habari Leo" Newspaper

"Habari Leo" Newspaper of 26/10/2012 on page four, while reporting on the events of violence in Zanzibar and those arrested thereafter, conveyed propaganda, intentional distortion and open lies beyond imagination concerning the international Islamic Party Hizb-ut Tahrir.

The said newspaper "Habari Leo" on the stated date wrote the following: "While there is information on Sheikh Farid, there are reports that among those suspected with him is one alleged to be a representative of the Islamic group Boko Haram of Nigeria whereby he represents East Africa while based in Mombasa, Kenya. In the country, his followers are alleged to use the name Hizb ut-Tahrir and he was introduced to the public at Magomeni grounds approximately two years ago. They have plans to burn down churches and bars." [Source: <http://habarileo.co.tz/index.php/habari-za-kitaifa/5392-shekhe-farid-achunguzwa-kuhusu-al-qaeda>] "Habari Leo" has intentionally used propaganda and distortions with the intention to portray the following lies:

1. Hizb ut-Tahrir members participate in the struggles of movements based on nationalism/clanism fighting for Zanzibarism disguised in religious garb. This is wrong as Hizb ut-Tahrir is bound exclusively by Islamic Shariah clearly stating the prohibition of propagating thoughts based on nationalism/clanism. Not only this but also, Islam has provided a clear method to oppose and remove all injustices and without using prohibited methods.

2. From the suspects arrested in the Zanzibar violence, among them were from Hizb- ut Tahrir yet the official media representatives of Hizb ut-Tahrir / East Africa have not confirmed this claim.

3. Instigating the dangerous and misleading idea that Hizb ut-Tahrir is an affiliate of Boko Haram group from Nigeria. These allegations are open lies and have no basis. There is no relationship whatsoever between Hizb ut-Tahrir and Boko Haram. Hizb ut-Tahrir is an international Islamic Party established since 1953. Its methodology to bring change is well known to all since its inception which is the methodology used by the Prophet (saw) and does not involve force or violent actions. Even though, its members and supporters sometimes are subjected to injustices and oppression especially by dictatorial states.

4. The conference held by Hizb ut-Tahrir / East Africa at Kichangani Mosque, Magomeni, Dar es-Salaam introduced its leaders with its affiliation to Boko Haram. This is a plain lie. Such a statement by "Habari Leo" was the first and foremost to be released to the thousands that attended the conference including different media institutions.

In conclusion, we state that these lies by "Habari Leo" are intentional, intended to tarnish the name of Hizb-ut Tahrir, discredit its reputation in the eyes of the Ummah, scare non-Muslims by instilling fear about Islam. It demonstrates clearly that "Habari Leo" is intent on playing a very dangerous card of 'religious preference' inside Tanzania and to play part on international enmity against Islam and its institutions. We reiterate that these lies are intentional- based on two major reasons:

First: "Habari Leo" Newspaper was among the media institutions that reported and highlighted our conference at Kichangani Mosque, Magomeni a few years ago. At NO time during the whole period did it mention misleading allegations that it is making today. Furthermore; during the conference, Hizb ut-Tahrir / East Africa distributed leaflets to thousands of people, held a press conference and continued distributing written material even after the conference to elaborate on the history, objectives, and methodology of revival by Hizb ut-Tahrir to bring about change. During which nothing was mentioned about the affiliation between Hizb and Boko Haram, neither destruction of churches nor use of force and violence to achieve the objectives of Hizb-ut Tahrir. As of now, where does "Habari Leo" Newspaper obtain these reports?

Second: Hizb ut-Tahrir has official media representatives who are guarantors in issuing statements, details, and clarifications on all matters concerning Hizb. Actually, some reporters of "Habari Leo" Newspaper know Hizb members personally. How could "Habari Leo" go beyond all bounds to report such lies without our clarification, unless it is with malice?

Our stand: We deny all claims by "Habari Leo" Newspaper on the stated date. We also demand the said newspaper to issue a formal apology and retraction within a week's time regarding the intentional written lies to take effect from the date of this letter. Furthermore, we call on the said newspaper and other media institutions to be bound by media ethics and not enter shameful situations like this newspaper's actions. Failure by "Habari Leo" Newspaper to meet our demands, we shall inform them that the lies they have innovated will neither harm Islam nor Hizb ut-Tahrir instead the newspaper will harm itself. Allah (swt) revealed,

﴿وَلَا يَحِقُّ الْمَكْرُ السَّيِّئُ إِلَّا بِأَهْلِهِ﴾

“And evil actions do not encircle save the one committing them.”[TMQ 35:43]□

Arresting Hizb ut-Tahrir Members in Moscow

(Translated)

On the 6th of November 2012 in Ufa, Sibai and several settlements of Bashkortostan, about 40 raids and the arrests of Muslims were conducted by FSB officers in connection with the criminal case about the activities of the Islamic political party, Hizb-ut Tahrir.

On November 7, 2012, about 55 searches and detentions were conducted in the investigation of Hizb ut-Tahrir in Moscow and the surrounding region with the facts of planting weapons.

Thus, Russia has once again shown its real face of the tyrant: an unrighteous face of the enemy to Islam. The scale of these repressions against Hizb in Russia is unprecedented. Attention is drawn to the fact that the FSB has resorted to a "disclosure" Hizb in Moscow, where authorities concealed the existence of Islamic groups up to now.

The recent events in Russia related to Hizb activity in spreading Islam and reviving the Sunnah of the venerable and beloved Prophet Muhammad, peace be upon him, increased the hate of Moscow and its executioners throw the Hizb.

However most importantly, we associate the data with the number of arrests in Moscow and Bashkortostan with the situation in Syria. The threat caused by the Syrian conflict disturbs Russia. On the eve of Putin's meeting in Moscow with Shimon Peres, he said in an interview with the "Kommersant" Newspaper, "There is already a civil war in Syria, and it is necessary to put an end to it. The danger of this civil war is that the Syria can no longer be an "Arab state" in the full sense of the word, because in Syria already exists the power, more extremist than Al-Qaeda, who are trying to take over the situation." Since the meeting between Putin and Perez, about 100 searches have been conducted in the homes of Shabab in two regions.

Hizb is part of the Islamic Revolution, which leads the Ummah to the establishment of the Islamic State. Inshallah it will occur soon. Their hatred for this outcome revealed itself in Moscow and Bashkiria, while Moscow is

no longer in a position to intervene in Syria; it has shamefully fled from her. Praise be to Allah (swt), who Grants grace to His slaves. He humiliates whom He pleases, and exalts whom He wills.

﴿ولتكن منكم أمة يدعون إلى الخير ويأمرون بالمعروف وينهون عن المنكر وأولئك هم المفلحون﴾

"And let there be arising from you a group inviting to all that is good, enjoining what is right and forbidding what is wrong, and those will be the successful." [3:104]□

Forbiddance of Hijab in Russian Schools

(Translated)

On 18 October 2012, President Vladimir Putin uttered words that essentially foretold of the upcoming forbiddance of hijab in schools. This ambiguous statement was announced as a reaction to a school conflict in Stavropolye between its director and Muslim parents, whose children were prohibited from entering school while dressed in hijab.

Despite of the fact, that a while earlier Russian Minister of Education Dmitrii Livanov made an official announcement authorizing the hijab, and Commissioner for Children's Rights Pavel Astakhov called the school administration's ban on hijab illegal, the final decision was rendered by the hater of Islam: Vladimir Putin.

Evidence of anti-Islamic connotation is obvious in this statement. In the past decades, authorities have noticed almost half of all high school students are dressed half-naked and society's corruption has fallen upon its children. However, when it came to Islamic chastity expressed in the form of modesty and concealment of female adornment, the authorities intervene.

This certainly shows the rulers' reluctance to continue observing the large spread of Islam throughout Russia and the world. That fear of Islamic reincarnation forces Russian leaders to violate their own laws.

For the rulers of the country there is no "humanity" and "respect for the law" because they have no fear of the Lord. And that is because they are like a beast moved by its passions and hatred.

Russia is fighting strongly against Islam and is always trying to help the Syrian regime, which is now seen as the only obstacle to the restoration of Islamic rule on Earth. Every day hundreds of Muslims are killed by Russian arms, including women and children. This shows the hatred of the rulers for Islam.

Oh Dear Muslims of Russia!

By this unofficial ban of hijab, we want to congratulate the Ummah with a great success in spreading Islam, Allah (swt) ...Cont. on p. 55

Open Communique to the Leaders of Bangladesh

Peace be upon those who follow the Guidance,

The horrible crimes committed against our brothers in Myanmar from murder, arson, rape, and displacement all under the terrible silence of the world, making children's hair gray, infuriating our emotions. Our brothers and sisters are killed in plain sight right before our governments and armies without their advocacy or rescue. Their plight is the same as those in Palestine, Syria, Chechnya, Afghanistan, East Turkmenistan, Pattani, and others whose Muslim lands are occupied. However what intensifies the tragedy, making the heart bleed, is Bangladesh's actions by banishing Myanmar Muslims and refusing to accept them. Throwing them into the sea to perish by drowning or risk being killed the Kaffir Buddhists without any mercy or compassion. Thus the government of Sheikh Hasina, an accomplice with killer Buddhists in their heinous crimes, proves it lacks the very basic of any Islamic sentiments.

Oh Brothers in Bangladesh from the Sincere Generals and Leaders,

Allah (swt) made it an obligation upon you as you are the start of their victory (Nussrah) for your Muslim brothers in Myanmar since you are the nearest to them. Even though your agent-government is conspiring against your brothers with the West, does not exclude you from your duty to Allah (swt) and your Rasool (saw) and the Believers. Allah (swt) commanded: **وَأَن اسْتَنْصَرُوكُمْ فِي الدِّينِ فَعَلَيْكُمْ** **وَالنَّصْرُ** **And if they seek help of you for the religion, then you must help."** [al-Anfal: 72] This can only be achieved when the Bangladesh Army is ordered to support the Muslims in Myanmar against the Buddhist criminal system. Otherwise your silence towards the government's actions will bring you shame in this world and also in the Hereafter.

We address this letter from the land of Ash-Sham, we are also afflicted like yourselves. The root of this misery is the absence of a Khaleefah leading the Muslims using the Book of Allah Subhanahu wa Ta'alla and the Sunnah of our Rasool Sallallahu wa Alaihi wa Sallam. Raising the Banner of Jihad to spread this Deen, bringing victory to the weak. Establishing justice throughout the world. We call upon you to answer the call to establish the Khilafah following the Method of the Prophet, as this is the only way to achieve victory for the weak throughout the lands of the West and East.

﴿اسْتَجِيبُوا لِرَبِّكُمْ مِنْ قَبْلِ أَنْ يَأْتِيَ يَوْمٌ لَا مَرَدَّ لَهُ مِنَ اللَّهِ مَا لَكُمْ مِنْ مَلْجَأٍ يَوْمَئِذٍ وَمَا لَكُمْ مِنْ نَكِيرٍ﴾

The Capitalist Economy is Suicidal Just as the Communist Socialist was, Only the Islamic Model is the Sure-Cure; Safe from Economic Pitfalls

The real estate crisis blew itself and engulfed the loans rendering the debtors on repaying their liabilities. Thus the giant banks and huge corporations either collapsed or are on the verge of bankruptcy. Now spurned by intensive bailout subsidy packages, and in anticipation of heavy profits claimed by those announcements. Hence international banks and investment funds rushed to this sector and the collapse of Banks & American Financial Establishments spread to world. It is like the American cold sneeze has infected the world which is now caught in the cold.

Some financial sector sources have estimated the losses incurred due to the real-estate mortgage at 300 billion dollars in the US alone and another 550 billion dollar outside the USA! Therefore the countries especially the wealthy ones began pumping in billions of dollars into the financial markets to restore confidence and enable some liquidity to stir up economic activity. In fact some countries like Britain intervened directly to the extent of nationalizing certain banks!

Thus an all impotent foundation of the capitalistic economy – free market and laissez faire- was demolished. These two are held as a creed by the capitalist. Even the American Senate in December 1999 issued an act of law prohibiting any restrictions on the financial system and declared keeping the financial markets free under all costs. Subsequently the invalidity and the corruption of this foundation or creed was manifest to its advocate, even the chief protagonist of capitalism the USA, announced its intervention in the market after a split approval by the Congress, the Senators and the Representatives. It decided on a plan devised by the Treasury Secretary Henry Polson to salvage the economy by pumping in 700 billion US dollars to purchase financial instruments issued by troubled banks and financial institutions in the real-estate mortgage. The Treasury Secretary within an hour of approval by the Congress set on to implement his plan.

This implies that after the burial of the Communist Socialist system it is the Capitalist economic system is on the death bed! This set in motion world wide effort - 4 of the big European countries, France, Germany, Britain and Italy gathered for a meeting and called for a wider meeting to study the financial system. Similarly finance ministers and central bank officials in the group of 7 or group of 8 including Russia called for an early meeting in Washington But will such efforts really salvage the capitalist economy as it is meant to be?

An observer of the realities of the Capitalist economic system can see that the system is on the verge of, if not already collapsed. Whatever efforts they have planned to salvage the system can at best relieve its pain for the time being and that is because the reasons behind the collapse require a serious treatment at its foundations and not a mere patch work. At the heart of these foundations there are four issues:

First: The clipping of gold as the standard currency , and bringing in dollar as a parallel standard at the end of the second world war under the Bretton Woods treaty and finally in the early seventies replacing gold by dollar as the monetary standard resulted in rendering the global economy susceptible to any economic shakeup in the United States. This was because the currencies of most other countries if not all were linked to the dollar instead of gold and the value of the dollar bill itself was not more than the paper on it was printed. Even after the advent of the Euro in the arena the dollar generally retained its position as most currencies kept linking to it. It is for this reason that unless gold returns to its position of being the monetary standard such economic crises will certainly be repeated and any dollar shock will automatically shake the economies of other countries and even American policies that reflect on the dollar will also affect elsewhere. Similarly this may happen with any paper currency of an influential state.

Second: Interest based loans result in great economic difficulties even though the original loan amount gradually decreases in time with respect to the interest against it, that the individuals and state are still unable to repay the loans in many instances and this results in loan repayment crisis and the economic activity slows down due to inability of many or most of middle income group to repay the loans and this effects the production as well.

Third: The system and practices in the financial markets and stock exchanges of buying and selling of shares, financial instruments and commodities do not require possession of goods rather these are sold and bought many times over without being actually transferred from the original seller. This practice is invalid and this causes difficulties rather than solving them because this inflates and depreciates transaction even though the goods are non-existent. All this spurs shakeups in the markets, thus profits and losses accrue through various speculative means and they may continue repeatedly undiscovered and result in economic crisis.

Fourth: This very important points concerns the total unawareness among the thinkers both in the East as well as the West about the ownership- under the communist socialist ideology, all ownership is vested in the state and under the liberal capitalist ideology, it is held by the private sector with no state intervention simply because the liberal capitalist ideology promotes free market. This is further compounded and exacerbated by globalisation. The complete ignorance of this reality leads to economic tremors and crises.

This is because it is not as if the ownership rights are to be held by the

state and the private sector alone, there are three types of ownerships:

1. Public Ownership. This comprises solid, liquid and gaseous minerals including petrol, iron, copper, gold, natural gases etc. found in the depths of earth, all forms of energies and the energy-intensive heavy industrial plants. These public properties are to be managed by the state and distributed to people as services.

2. State Property. These comprise the various taxes that are collected by the state, along with the revenues accrued to the state from agricultural, trade and industrial activity outside the ambit of public properties. The state disposes these incomes as state expenses.

3. Private Ownership. This unlike the above two, is held by individuals and disposed off in accordance with the Shariah rules.

If these ownerships are categorised as one and are held either by the state or the private sector, crises and failures are inevitable. This has previously led to the collapse of the communist economic model as they had vested all ownership in the state. In the communist economic system, the sectors that must naturally be owned by the state were a success story- like the petrol and heavy industry etc. On the contrary, such sectors that must naturally be held in the private ownership like most agriculture, trade and small to medium industry were a disaster and led to its downfall. Similarly the capitalist economy has failed and is on the verge of its doom in due course. This is because it vested ownership of public utilities and properties like petrol, gases, energy sources, heavy and even strategic arms industry to individuals, enterprises and companies, while the state remained shunted from the markets without owning things that it was responsible for. This was done in the name of free markets, non intervention and globalisation. The natural results of these were inevitable- repeated recessions, rapid collapse of one financial market after another and one corporation after another.

This is how the communist ideology failed and now the capitalistic ideology is on the verge of its doom. Indeed it is the Islamic economic model alone that cures and prevents the occurrence of such economic crises and which has already prohibited such factors that lead to economic crises in the first place. Islam mandates that only gold and silver and nothing else be the monetary standard and that paper currency issued in lieu of the monetary standard be fully backed by gold and silver and be convertible on demand. Consequently, paper currency of one country should not be tied to the currency of another country; rather each state's currency must be free of another currency and have its own fixed, unalterable and intrinsic value.

Islam has further prohibited interest in all its forms and mandated loans to the needy to assist them without any interest or surcharge over their principal amount. It requires that the treasury, the Bait ul maal have a separate head to provide interest-free loans to the needy and farmers in order to assist them.

Islam similarly prohibits selling of goods before the buyer takes possession, thus disallowing transactions in goods not in possession. It has also prohibited transactions in financial instruments, derivatives and shares resulting from invalid contracts as well as speculative trading allowed in the capitalist economy in the name of freedom of ownership. Islam further disallows individuals, companies and corporations from ownership of items coming under the purview of public ownership like petrol, minerals, energy sources, electrical energy etc. and charged state with managing them in accordance with Shariah rules.

In this manner Islamic economic system has addressed and treated all economic problems and crises resulting from man's heartlessness. This is the system mandated by the Creator of the universe Who knows what is beneficial for His creation. ﴿أَلَا يَعْلَمُ مَنْ خَلَقَ وَهُوَ اللَّطِيفُ الْخَبِيرُ﴾
“Should not He Who has created know? And He is the Most kind and Courteous (to His slaves), the Well- Acquainted (with everything)” [al Mulk: 14]

Oh Muslims! Allah (swt) has blessed a place of honour to you through the great deen of Islam which He revealed to His Messenger (saw) and also warned you through it. It is due to Islam that you are the best of nation raised for the people of the world and in the implementation of this deen lies your honour and prosperity. This prosperity is not for you alone but for the entire humanity after it has gone through and yet suffering from oppression under the man made laws of the devil around its neck.

Moreover, the implementation of this great deen of Islam will not be by concealing it under covers of the book but by establishing a state that implements it and carries its message to the world – the Khilafah State on the model of Prophethood which will revive a blessed, safe and secure life. But remember while you remain couched in your comfort, Allah (swt) will not send down His angels who will establish the State rather the establishment of this State has mandated upon you just as the Prophet had established a State in Madinah and his companions and their followers had continued to do so thereafter.....

Oh Muslims! Indulge in your blessing, be prepared and stand up to work with Hizb ut-Tahrir and support it and ask seek Allah's grace to be with a Hizb which Allah has blessed so that Allah's promise of granting authority and succession, as well as the glad tiding by the prophet (saw) of the re-emergence of Khilafah on the method of the Prophethood are realised. Oh Muslims! You are the torch bearers of well being for the world and more deserving of its leadership.

﴿وَاللَّهُ غَالِبٌ عَلَى أَمْرِهِ وَلَكِنَّ أَكْثَرَ النَّاسِ لَا يَعْلَمُونَ﴾

“And Allah has full power and control over His Affairs, but most of men know not. “[Yousuf: 21]□

Obama's Re-Election and Future of the Muslim World

America has just spent \$6 billion dollars on the most expensive election in US history to re-elect the man that will give them more of the same. Despite the rhetoric of 'change' or 'moving forward' nothing has really changed. Obama through his victory speech tried his best to conceal the doom and gloom of the status quo. But reality eventually hit home. As the stock market nose-dived, it dawned on the American public that the nightmare they had lived for the past four years is here to stay. The economy is a mess, US government is in paralysis, Americans are divided and in foreign policy matters it is business as usual.

For the Muslim world America's foreign policy is the main preoccupation. Here, once again there will be no change. Many of the leaders of the Muslim world welcome Obama's re-election as they believe America will continue to support and protect them. This is contrary to the average Muslim who considers Obama a crusader just like his predecessor Bush. It can be said that for many Muslims there is no difference between Democrats and Republicans both are warmongers eager to spill Muslim blood to protect American interests.

Since September 2001, America has been at war with the Islamic world. First Afghanistan and Iraq were the epicenter of this neo-crusade and this swiftly expanded to

drone invasions of Pakistan, Yemen and Somalia under Obama. His first term ended with close support for Myanmar who government was responsible for the slaughter of Rohingya Muslims on an unprecedented scale and covert support for Assad to perpetrate death and destruction on an immeasurable scale in Syria. Will Obama's second term be any different?

Unlikely, as America's hegemony in the Arab and wider Muslim world is being challenged by the masses via the numerous uprisings. Most prominent of which is Syria. The foremost lesson from all these revolts is that the Muslim masses despise the suppression of Islam in their political lives by America and the West. To counter this existential threat America is forced to engage deeper with the Muslim world, otherwise she runs the risk of losing her interests.

The question of ridding America is now the main obsession in the Islamic world. This is likely to increase as Obama's second term progresses and more Islamic countries get invaded. Some Muslims wrongly believe that the way to displace America is through democratic elections. Others falsely adhere to the notion of fighting regimes that are supported by America as a means of liberation. Both methods have failed in the past and will fail in the future. The Arab revolts amply demonstrate that America uses the armies to con-

trol the outcome of the democratic elections and counter rebels. So the real agents of change are the armies of the Muslim world and nothing else. If Muslims truly want to bring about a permanent change in their political lives then they will have to get the armies loyal to America and other Western powers to switch sides.

But this is only one part of the solution. The other part is the political vision. Most if not all political visions espoused in the Muslim world are rooted in current nation state thinking. The vision advocated by those who profess to offer an Islamic alternative is more akin to a secular state with some Islamic dressing and a benign foreign policy. This is exactly what America is seeking in Tunisia, Egypt and elsewhere. The only political vision that can lift the Muslim world out of its subservience to colonial powers is the Caliphate. Hence Muslims across the Islamic world have to adopt this vision and demand that the armed forces support it. Otherwise come 2017, the Islamic world will still be shackled to American and Western hegemony. □

Philippines and Muslim rebels sign Shaky peace plan:

Philippines signed a framework peace plan with the country's largest Muslim rebel group, the Moro Islamic Liberation Front (MILF). The deal follows lengthy negotiations aimed at ending a 40-year conflict that has cost an estimated 120,000 lives. The agreement was reached in early October after talks in Malaysia. It provides for a new autonomous region in part of the south where Muslims are a majority in a mainly Catholic nation. The framework deal was signed by the chief negotiators of the government and the rebels, and witnessed by President Benigno Aquino and MILF leader Murad Ebrahim at the presidential palace in Manila. The two leaders met and exchanged gifts ahead of the signing. Murad Ebrahim, said to be in his 60s, is the first MILF leader to visit the palace. "As the saying goes, the devil is in the details. Much work remains to be done in order to fully reap the fruits of this framework agreement," he said just before the deal was signed. It is hoped that the agreement could be implemented on the ground by the end of Mr Aquino's term in 2016. Mr Aquino, who announced the deal a week ago, has warned that there

are challenges ahead. □

US to help create an elite Libyan force to combat Islamic extremists:

The Pentagon and State Department are speeding up efforts to help the Libyan government create a commando force to combat Islamic extremists in Libya last month and to help counter the country's fractious militias, according to internal government documents. The Obama administration quietly won Congress's approval last month to shift about \$8 million from Pentagon operations and counterterrorism aid budgeted for Pakistan to begin building an elite Libyan force over the next year that could ultimately number about 500 troops. American Special Operations forces could conduct much of the training, as they have with counterterrorism forces in Pakistan and Yemen, American officials said. The effort to establish the new unit was already under way before the assault that killed Ambassador J. Christopher Stevens and three other Americans at the United States Mission in Benghazi, Libya. But the plan has taken on new urgency as the new government in Tripoli tries to assert control over the country's militant factions. According to an unclassified internal State Department memo sent to Congress on Sept. 4, the plan's goal is to enhance "Libya's ability to combat and defend against threats from Al Qaeda and its affiliates." A companion Pentagon document envisions that the Libyan commando

force will "counter and defeat terrorist and violent extremist organizations." Right now, Libya has no such capability, American officials said. □

Qatar Aims to Rehabilitate Hamas Image in the Eyes of the West:

The Emir of Qatar's visit to Gaza on Tuesday was a daring move according to analysts who believe the aim is to rehabilitate Hamas' image in Western eyes. This could coax it into the peace camp at a time when the Arab Spring revolts, and civil war in Syria, have been reshaping power balances across the Middle East. The Emir, Shaikh Hamad Bin Khalifa Al Thani, who is rare among Arab rulers in having met senior Israeli officials, denounced Israel's policies and praised people in Gaza for standing up to it with "bare chests" - but he also urged rival Palestinian leaders to abandon their feuds. The Gaza Strip is all but cut off from the world under a land and sea blockade by Israel and Egypt that is intended to obstruct the import of arms to Hamas. A Sunni Islamist group like several others supported by Qatar elsewhere, it has long been aided by Shiite Iran and its allies Syria and Hezbollah. In the Israeli-occupied West Bank, the Palestinian Authority of President Mahmoud Abbas, Hamas' arch-rival, said it hoped the Qatari visit would not hinder the rebuilding of Palestinian unity, nor endorse a separate Palestinian territory in Gaza. This was the first visit to Gaza by any

national leader since Hamas seized control of the enclave where 1.7 million people live from Abbas' forces in 2007. Israel had pulled out its troops and colonists from the territory two years earlier. □

Veiled Muslim mayor a first for Bosnia, possibly Europe:

Bosnia's first veiled mayor began her duties this week, after an election which saw her becoming the first hijab-clad mayor in the country, and possibly in Europe. Amra Babic, who served as a regional Finance Minister before running for mayor, will now run the Bosnian town of Visoko, in an electoral win she describes as a "victory of tolerance" amid government debates elsewhere in Europe over laws to ban the Muslim veil. "It's a victory of tolerance," Babic, a war-time widow told the Associated Press last week. "We have sent a message out from Visoko. A message of tolerance, democracy and equality." "I am the East and I am the West," she declared. "I am proud to be a Muslim and to be a European. I come from a country where religions and cultures live next to each other. All that together is my identity." Now Babic, for the next four years, will run a town of 45,000 people, with a population consisting of mostly Bosnian-Muslims. Babic has said she wants to fix the infrastructure, partly ruined by the Bosnian 1992-95 war; in turn hoping to make Visoko attractive for investments, encourage youth to start small businesses and lower the unemployment rate which

stands at more than 25 percent. "Finally we have overcome our own prejudices," she told AP. "The one about women in politics, then the one about hijab-wearing women - and even the one about hijab-wearing women in politics." □

Egypt's New Pope Opposes Religious Constitution:

Egypt's new Coptic Pope said on Monday the constitution now being drafted will not be acceptable if it is overtly religious, a sign he would campaign with his Christian minority and secular groups against increasing Islam's role in the new charter. In an interview aired a day after he was selected Patriarch of Egypt's Coptic Church; Pope Tawadros II said the uprising that toppled President Hosni Mubarak last year has opened the way for a larger Coptic public role. He said as pope, he will encourage the Christian community to participate more in political and public life, as well as elections. He charged that the country's Christian minority has been "intentionally" marginalized for years. "After tens of years of marginalization and fake democracy, this has made some Copts isolated," he said in the interview aired on the private TV station ONTV. "This is changing bit by bit, and it will take time. It needs encouraging, and so long as society is fair, and democracy is built fairly, you will see participation." Tawadros appeared to addressing his wary community about the rising political power of Islamists. □

O Muslims! Do Not Accept a Substituent to the Islamic Banner and Flag; Even Though that Kills the Infidels' Colonists in their Rage!

A number of flags and standards have come, and they are different in various Muslim countries, especially after the popular movements against the unjust tyrant rulers in Muslim countries. Some of them started raising the flag of "independence" or keep their existing flag, or raising their own flag...

And from them are those who hold good hope about one flag or another and think that they do not violate the Shara' ... there are others who mislead people and frighten them from provoking the disbelieving west and their anger if they raise the banner of Islam ...! Some of them make an effort intentionally and deliberately to hoist a flag that violates the Shara' as an invitation to a Secular civil State ...and so on.

And in clarification and explanation to those who think that their Flags are not contradictory to the Shara' and if they knew the contradiction they would leave it and raise the flag of Islam..., And in the delusion of their death that the righteous people don't fear the provocation or the anger of the Disbelieving colonialist... And in censure to those secularists and their supporters who are fighting the Shari'ah banner openly in the day, we explain this matter...

﴿ لِيَهْلِكَ مَنْ هَلَكَ عَنْ بَيِّنَةٍ وَيَحْيَىٰ مَنْ حَيَّ عَنْ بَيِّنَةٍ ﴾

"So that those who were to be destroyed (for their rejecting the Faith) might be destroyed after a clear evidence, and those who were to live (i.e. believers) might live after a clear evidence." [Al-Anfaal: 42]

The Islamic State "caliphate" has Flags (Liwa) and banners (raya), and that is in deducted from how it was during the first Islamic state which was established by the by the Messenger of Allah (saw) in Madina Al Munawwara, it is as follows:

1. The Flag (Liwa) and the Banner (Raya), in terms of language, it means the Flag/Sign. According to the Qamoos al Muheet (dictionary): banner (raya) means the Sign, the plural of which banners (rayaat), the Flag (Liwa) means the sign, the plural of which is flags (Alwiya), the Shara' gave both of these terms in terms of use, a Shari' meaning:

The Flag (Liwa) is White, and Laa Ilaha Illa Allah Muhammad Arrasulullah (There is no God But Allah and Muhammad is His Messenger) is written in black, and it is held by the Ameer of the Army or Army Command-

er. The Flag remains in its position on the pole and spins along with the pole. And the evidence of handing over the flag (liwa) to the Ameer of the Army:

"أن النبي صلى الله عليه وسلم دخل مكة ولواؤه أبيض"

"The Prophet (saw) entered Makkah and his flag was white."

Reported By Ibn Majah

And the Banner is black (Raya), and Laa Ilaha Illa Allah Muhammad Arrasullullah (There is No God But Allah and Muhammad is His Messenger) is written on it in white, it is assigned to the Army Corps commanders (battalions, companies, other army units), and the evidence is that that the Prophet (saw) and he was the Army Commander in Khayber said:

"لَأُعْطِينَ الرَّايَةَ غَدًا رَجُلًا يُفْتَحُ عَلَى يَدَيْهِ، يُحِبُّ اللَّهَ وَرَسُولَهُ، وَيُحِبُّهُ اللَّهُ وَرَسُولُهُ... فَأَعْطَاهَا عَلِيًّا رَضِيَ اللَّهُ عَنْهُ" (متفق عليه)

"I will give tomorrow the banner to a man that Allah opens it on his hands, he loves Allah and His Messenger, Allah and His Messenger love him ...And he gave it to Ali, may Allah be pleased with him"

So Ali (ra) was considered the commander of regiment or a battalion of the army.

And similarly in the hadith of Harith bin Hasan al Bakri, he said: "Once we arrived in Madenah, and we found the Messenger of Allah peace be upon him standing on the platform and Bilal was standing next to the Messenger of Allah peace be upon him, and black flags, and asked what about these flags? They said: 'Amr ibn al-Aas came from the battlefield'" Extracted by Ahmad.

So the meaning of the black banner is that there were several banners (rayat) who were with the heads of the army and the heads of the battalions and its units while the Ameer of the army was one and he was Amru Bin Al Aas (ra) and he was assigned the Flag (Liwa), therefore the Flag is assigned is to nobody other than the Ameer of the Army and the Banners are assigned as standards to the Army.

2. The Flag is assigned to the Ameer of the army, and it's a sign that is put at his headquarters. As for the battle, the Commander of the battle, whether the Ameer of the Army or another Commander appointed by the Amir, he carries the banner (raya) during the fighting on the ground, and therefore it is called the 'mother of the war' because it is carried by the Battle Commander in the field ... Al-Bukhari narrated from Anas that the Prophet (saw) announced the death of Zayd (ra), Ja'far (ra) and ibn Rawaha (ra) to the people before their news reached the people and said:

“أخذ الراية زيد فأصيب ثم أخذ جعفر فأصيب ثم أخذ ابن رواحة فأصيب”

"Zayd took the banner and was struck, then Ja'far took (it) and was struck, then ibn Rawaha took (it) and was struck."

Also, in the event of a war with the enemy, if the Army Commander in the field is the Caliph himself, the Flag (Liwa) may be raised in the battle, and not the banner (raya) only . It has been reported in the Seerah of Ibn Hisham in the discussion about the battle of Badr that the Flag and the banner were raised in the battle ... In peace, or after the battle, the banners are prevalent in the army and are raised by the army departments and its and its brigades and units ... As stated in the hadith of Harith Ibn Hassan Al-Bakri regarding the army of Amr Ibn al-'aas.

3. The Flag (Liwa) is spread on a side of a spear and curved on it and is given to the Army Commander depending on the number of armies, So it is assigned to the Army commander of the first army , second army, and third army ... Or it is assigned to the Commander of the army of Sham and Iraq and Palestine ... Or the Commander of the army of Homs and Aleppo and Beirut ... And so on based on the names of the armies. In origin the Flag is wrapped on the spear end and is not unwrapped unless needed, for example, it is hoisted over the Dar al-Khilafah to emphasise the importance of the Dar, because the Caliph is the Commander of the Army in Islam. Similarly the Flag (Liwa) is also hoisted over the headquarters of the Army commanders during times of peace so that the Ummah sees the mightiness of the Flags of its Army. But if this requirement contradicts with the Security aspect and if there is fear that the enemy will come to know the headquarters of the Army commanders, the Flag (Liwa) returns to its original and it is not hoisted and remains unwrapped.

As for the banner (Raya) it is left open to swirl along with the wind similar to the Flags today, therefore they are placed on the building of the State, its institutions and the security departments, and it is hoisted only on these, with the exception of Dar Al Khilafah , the Flag (Liwa) is hoisted there because he is the Ameer of the Army, the Banner (raya) is also hoisted along with the Flag (Liwa) as the Dar al Khilafah is the head of the departments and institutions of the state. Also, private institutions and ordinary people can raise the banner (raya) and hoist it at their homes specially during the festive occasions and victory and so on..

O Muslims: In your movements, you must raise this banner (raya) without fear from any one other than Allah (swt), and do not be influenced by the allegations propagated by the deceitful among You saying that this banner (Raya) symbolizes the Khilafah, and this will provoke the disbelieving West! Provoke them and break their back, for this is ...Cont. on p. 56

A Warm Call to Our People in Syria, to its 'Ulema, the People in Authority, and to the Whole Islamic Ummah

At dawn on Thursday 15th March 2012, the blessed revolution in Syria entered its second year. Last year was a tragic year, in every sense, in which the criminal Syrian regime committed heinous crimes, so proving that it is the primary enemy of the Syrian people.

These people have proved their faith gives them life. They have given the finest examples of patience, fortitude, bearing of sacrifice and the determination to change this regime and throw it into the dustbin of history.

They have watered their blessed land with their pure blood, after crushing fear with their feet. And they remain determined to crush the tyrant of Sham and its criminal security regime, together with all of the security gangs, media lackeys and anyone who protects it - namely the unjust international system and the manmade international law that protects and helps the oppressor against the oppressed.

It is only their belief in Allah ta'ala which has created within the Syrian people this superior ability to bear sacrifice and determination to change the regime. They responded to the regime's attempts to humiliate them by shouting "we will never kneel except to Allah." They responded to its attempts to divert them towards secularism by saying: "It is for Allah! It is for Allah!"

The dissenting army brigades chose names of the Sahabah; thus all Muslims inside and outside Syria started to smell the fragrance of the hadeeth of the Messenger of Allah *salla Allahu alaihi wasallam*: "The centre of Islam's land is in Sham."

Just as this was a good sign for the Muslims, it was a bad sign and a source of fear for the West, which recognized that the rebels inside Syria are motivated by Islam, unlike the secular opposition outside Syria that has no popularity to allow them to pursue Western interests in the future.

We, in Hizb ut-Tahrir in Syria, are pleased to deliver to you a warm call, asking Allah that it finds listening ears and conscious hearts:

We appeal to our people in blessed Syria:

By your faith, patience and sacrifices you have crushed of the fear, cowardice and defeat of men that the miserable Syrian regime practiced

against you for more than forty years.

You have exposed every hypocrite and agent until people find themselves in one of two camps: a camp of faith having no hypocrisy in it, and a camp of hypocrisy having no faith in it.

In one year you have revived the hope in the whole Ummah of the return of the Khilafah State and its shining history.

We congratulate you for what you have done; and may Allah bestow upon you that which He bestows upon His sincere slaves.

We in Hizb ut-Tahrir stress that you must take Islam alone as basis of your revolution - drawn from its 'aqeedah and built on its foundation, rather than on the basis of an immoral secularism or a disbelieving democracy - for these are not your garments. Islam alone is your garment.

So, we sincerely invite you to make nothing less than the establishment of the Khilafah as the target for your revolution.

Beware not to fall like your brothers in Tunisia, Egypt, Libya and Yemen have fallen - where their revolution has been stolen and the blood of their martyrs sold; such that their revolutions have become in need of revolutions.

To those of our people in Syria who have not yet moved against the tyrant of Sham, we ask this: What are you waiting for?! Can you accept for the deen to be disgraced, where the mosques are shelled, prayers are prevented, jum'ah prayers are disrupted and copies of the Quran are torn?! If you do not rise up for your deen, for the honor of your sisters, or for the killing of your relatives and the sons of your deen, for what would you rise up for?!

Once you stand by your deen and your people in their revolution in all regions there will be no place left for this current system to stand. This is a legal duty you are obliged to undertake, and you have no choice in that. Otherwise Allah ta'ala will let down those who let down his deen and Ummah.

We call upon the 'Ulema of Syria:

Allah, ta'ala has taken covenant upon you that you explain the Truth to the people and do not hide it. The first thing you must explain in Syria is the obligation of overthrowing the disbelieving regime so as to establish the rule of Allah in its place. The responsibility upon you is greater when the demonstrations set out from the mosques, and after the jum'ah prayers. So be the true leaders of the people and commit yourselves to the method of the Messenger of Allah *salla Allahu alaihi wasallam* regarding bringing change, for you are most worthy of it.

You must also warn the people of the dangerous calls of democracy, secularism and the civil state; and which demand foreign intervention and beg for solutions from the UN Security Council, the enemy of the Ummah. These are seditious calls, which have no answer except with the sincere belief that the Prophet *salla Allahu alaihi wasallam* told us of in the hadeeth narrated by Ahmad: "Indeed faith is when tribulations take place in Sham." Who other than the 'ulema would carry the responsibility of revealing these tribulations and explaining the true faith regarding them?

We appeal to the sincere Muslim people in authority in the Syrian army: Your splits from the ruling faction revealed the genuine nature of your souls when you refused the orders of the regime to kill your people. Naming your brigades after the names of the noble Sahabah was evidence of your love to Allah, His Messenger, his Sahabah and his great deen of Islam.

We see you have been reached by the deception from the Western States and their tools - the rulers in the region. So we warn you about the claims that you have been armed by the enemies of Islam, for this involve compromise on your deen and your principles. So, be careful of the enemies of Allah - and of those who visit them in their countries and their embassies from the suspicious secular external opposition. Do not give your leadership to any one of these.

Let all the honest Muslim people of authority in the Syrian army (the dissidents and those who have not yet dissented) realize that there is a legal duty, which obliges them to unite their efforts with the efforts of the army officers in the Syrian army who in fact work to establish the Khilafah. This is the same duty, which the *ansaar* (supporters) of the Messenger of Allah *salla Allahu alaihi wasallam* performed; that is to overthrow the rule of the tyrant now present in Sham and delivering the authority to Hizb ut-Tahrir, which have prepared itself to establish a rightly guided Khilafah on the model of prophethood, so as to rule with the divine law of Allah.

We appeal to the Ummah:

Allah, *subhanahu wa ta'ala* has addressed you in His Book that you are one Ummah, and that you are the best Ummah raised up for mankind. The Messenger *salla Allahu alaihi wasallam* has also addressed you that you are an Ummah distinct from other people, the most common among you can give pledge of protection to anybody, which is binding the most prominent of them; and you are all united against anyone other than you. And you have in the hadeeth of the Messenger *salla Allahu alaihi wasallam* the decisive speech: "Whoever lets down a Muslim when his sanctity is violated and his honour is disgraced, Allah *ta'ala* would let him

Statement of Hizb ut-Tahrir Indonesia REJECT THE LIBERALIZATION OF OIL AND GAS

As it is widely published the government of Indonesia is going to restrict the subsidized oil and gas on 1st of April 2012. The government argued that this restriction is for people welfare. Actually this policy is harmful to people and advantageous to the foreign corporations. Therefore this policy should be absolutely rejected for the reasons below:

1. The Restrictions on the subsidized fuel is a further step towards the liberalization of oil and gas. Subsidized fuel restriction program was tantamount to the removal of fuel subsidies because the people were forced to switch to non-subsidized fuel as Pertamina. This was the moment awaited by foreign oil and gas corporations, because then there is no more cheap oil product (premium) which makes the public reluctant to buy their products.

2. Restrictions on subsidized fuel in the long run will benefit the foreign oil companies who have Public refueling stations (SPBU) as Total, Shell. So far the Foreign Public refueling stations (Foreign SPBU) are losing much money because consumers prefer to use the cheaper premium that Pertamina sells. The restrictions on subsidized fuel have forced all private car users to use fuel with higher octan such as Pertamina, or the oil produced by the foreign SPBU. With the more efficient cost of production and probably better quality, the product of foreign SPBU will be more competitive than the product of Pertamina. So surely the number of foreign SPBU will grow rapidly within short time. And if there is no innovation, Pertamina's business activities in the downstream sector will become uncompetitive. It makes the SPBU affiliated with Pertamina will move to the foreign oil companies. Certainly this will be detrimental to Pertamina. The upstream sector was diluted, the downstream sector was unable to compete.

3. Restrictions on fuel and any policy that intends to provide a greater role for the foreign corporations in managing the natural resources, especially oil and gas is a policy that contradicts Islamic law. Oil and gas and other abundant natural resources in the view of Islam are a general property (al

Milkiyah aamah), the state has to manage it for the welfare of the people. Assumption that the private company can be more efficient in managing oil and gas than the government represented by Pertamina must be rejected. There are some national corporations efficiently dominating and controlling the oil production in some countries such as Kuwait National Oil Company (Kuwait), Saudi Arabian Oil Company (Saudi Arabia), National Iranian Oil Company (Iran), Petroleos de Venezuela (Venezuela), Petrochina (China) and Petronas (Malaysia).

Based on the reasons above, Hizbut Tahrir Indonesia state:

1. Reject the subsidized fuel restriction because this policy is a step towards the liberalization of the management of oil and gas in Indonesia, especially in the downstream sector after liberalization in the upstream sector has been perfectly done. Liberalization gives greater mastery of the management of oil and gas to foreign corporations and reduces the role of the state. Obviously, this policy would be very detrimental to the people as the real owner of the natural resource.

2. This capitalistic policy not only proved detrimental to the people but also will make this country colonized. Therefore this policy must be stopped. Instead of it oil and other natural resources are managed with Sharia System. According to Sharia, oil and gas must be managed by state and all benefits are intended for the welfare of people.

3. Call on all Muslims to strengthen struggle to realize the Islamic life where the Islamic Sharia is implemented completely in the shade of the Khilafah Islamiyah. This is the only way to realize Rahmatan lil 'alamin that Allah has promised. When natural resources, particularly oil and gas are managed according to islamic sharia, rahmatan lil 'alamin will really be realized. Inshaallah.

Cameron's Extremism and Islam: A Dishonest Salesman Lying about Democracy

London, UK, April 12th 2012 - In today's speech in Indonesia, UK Prime Minister David Cameron called on the Muslim world to "embrace democracy" and reject the region's growing calls for Islamic governance which he labelled "extremism."

Commenting on his speech, Taji Mustafa, media representative of Hizb ut-Tahrir in Britain said: "While conveniently silent about the UK's support for authoritarian dictators like those in Saudi Arabia, he painted an incomplete picture of democracy and criticised four types of people who oppose it."

"When he criticised 'authoritarian leaders', he did not mention that successive British governments had supported such regimes for their own ends; that he has invited the authoritarian 'King' of Bahrain to the UK Queen's jubilee celebration; that in February 2012 his government visited Uzbekistan's Islam Karimov, one of the most brutal and murderous tyrants in the world."

"When he criticised 'corrupt elites' recognising the truth that 'corruption denies the people their economic and political stake' he did not say that democratic government -from Westminster to Islamabad and Dhaka- inevitably breeds corruption. He seems to have forgotten that last month a senior member of his own party was caught 'selling' private dinner invitations with him to Britain's own corporate elite, where they might influence policy, if they donated to his party."

"When he criticised 'tribalists' he did not say that in the UK and Europe there is growing racism and violent intolerance towards minorities - including Muslims and immigrants. Indeed, fewer and fewer people in Britain seem bothered as it increasingly treats its Muslim citizens as second class, locking up several Muslims for years, without charge or trial or even showing them the evidence against them."

"When he raised the issue of 'extremism', he deliberately mixed the small number of cases of those who promote violence, with those who promote Islamic governance as a better and more just system than democracy- some of whom have never believed in a violent method of change, yet he wanted banned!"

Strategic Pact "Perpetual Domination of Kuffar"

(Translated)

﴿بَشِّرِ الْمُنَافِقِينَ بِأَنَّ لَهُمْ عَذَابًا أَلِيمًا الَّذِينَ يَتَّخِذُونَ الْكَافِرِينَ أَوْلِيَاءَ مِن دُونِ الْمُؤْمِنِينَ ابْتَغُوا عِندَهُمُ الْعِزَّةَ فَإِنَّ الْعِزَّةَ لِلَّهِ جَمِيعًا﴾

“Bear unto the hypocrites the tidings that for them there is a painful doom; those who choose disbelievers for their friends instead of believers! Do they look for power at their hands? Lo! All power belongs to Allah.”

After facing a defeat in Afghanistan, as they faced defeat in Iraq, America and its crusader allies are trying to sign the strategic pacts in order to veil their defeat and to have a long term influence in the region. Before this, the Bush administration signed the same sort of strategic and security pacts with the Maliki regime of Iraq, in 2007.

The puppet Karzai regime has already signed strategic pacts with invaders like UK, France, Italy and India, while negotiations are going on with some other countries as well. The strategic pact with the US too has almost been finalized and it is intended that the pact will be signed before or during the Chicago conference between the head of the crusader world Obama and his crony Karzai.

The strategic pact is indeed a deceptive tool to give a false impression to the people that it will end the war in Afghanistan but in reality it will continue the bloody war that will continue spilling the blood of the innocent Muslims, will continue injustice, corruption, poverty and barbarism. After signing the pact, Muslims will be used to kill Muslims, which means they will make this a war between Afghans, which will become the curse both in this world and in the hereafter. By doing this, the invaders will get maximum strategic and colonialist benefits by offering minimal assistance.

In parallel to this, a dialogue is going on with some elements of the Mujahideen, accepting of which would mean accepting defeat before the Kufr. Islam demands from us to prepare a high level war capability against the invaders, an intense struggle for the implementation of the Islamic state, and to expose the brutal plans of the invaders and their agent rulers in the light of the Islam rules. Naveed Butt Has Yet to be Produced in the Court, Even After Three Weeks of His Abduction

The spokesperson of Hizb ut-Tahrir in Pakistan, Naveed Butt, has not been produced even though it has been three weeks of Islamabad High Courts order to produce him. The government lawyer gave a lame excuse that notices to the concerned agencies have not been delivered so far, therefore more time should be granted. On this plea, court gave another date of 11 June, when it will have been an entire month since Naveed Butt being abducted.

In the age of the communication revolution, when messages can be passed around the globe in minutes, the notices from Islamabad High Court still have not been delivered to the concerned organizations, yet the court "generously" gave them one more week. It is regrettable that the "independent Judiciary" has been unable to ensure its orders are implemented not only from the political establishment but also from military establishment. Or is it the case that the judiciary herself is involved in providing support to government thugs, through procedural laws and technicalities, so that they would have ample time to conclude their illegal activities? Is it not known to the independent judiciary that Americans are roaming all over the country under the guise of diplomats with unauthorized weapons and whenever they are caught, no case has ever being registered against them but rather they are kept in VIP conditions and released honorably.

On the other hand people who demand an end to the American Raj and the capitalist system, and demand the establishment of Khilafah in Pakistan, are being abducted in front of their wives and children, whether it is day or night. And they are tortured and threatened with death, if they do not abandon their peaceful struggle for the establishment of Khilafah. On the one hand "independent Judiciary" calls the head of political executive, Gilani, when he did not implement one of its orders. But on the other hand even when there are ample evidences against ...Cont. on p. 58

Altreimsah Massacre is a Mark of Disgrace on the Faces of All the World Rulers, Especially the Rulers of the Muslim World (Translated)

Just before the 10 days deadline the super powers of the Security Council planned to give to the Syrian brutal regime, it renewed its process of killing of the unarmed civilians in a severe cycle of violence; where the rebelling cities and villages were pounded with all kinds of weapons. The regime insists to keep the appalling massacres its most prominent token to prove its control over land. The forces of Bashar al-Assad carried out a new episode of series of massacres in rebelling Syria, killing more than 230 unarmed women, children and old men - this time- in the village of Altreimsah in the countryside of Hama. After the forces of the regular army surrounded the peaceful village since the early morning hours on Thursday, 12.07.2012, they started indiscriminately shelling, with mortars and mortar launchers at inhabited houses. After that it set free its mad dogs, called Shappeeha of Al-Assad, to kill and slaughter with knives whoever their unclean hands reached. Then they carried out field executions of entire families that tried to escape fires of death threatened by Bashar Assad to the people in his recent speech addressed to the war government he set up on 23/6/2012. Where he stressed that all government efforts should be directed to win the battle he is facing. This is the reality of the president, whom the people of Syria expected good from him, so they kept silent about his assumption of authority. The result was he killed them badly and tore them to pieces.

It is shameful that some of the people look for help from powers abroad who strengthen him and provide him with the means of life. America, which brought the father and the son of Al-Assad family, is still standing on his side and provides him with the means of life. It even let free his brutal hands to sink more in the pure blood of Muslim sons of Syria who wanted to uproot him; and they are now closer in doing so than ever before.

Neither America, and nor its competitors in Europe were able to find an alternative that controls the rebelling street. This is because the opposition is miles away from the revolution, which started and moved quickly to uproot the defunct regime of the son, having no help except from Allah alone. This

robbed the East and West sleep, so they agreed on letting Russia and its allies stand publicly with the murderers, Bashar and his regime. While America, and paralyzed Europe stand openly against him through hollow words that avail nothing. But secretly they are still with him, and they still give him the green light to shed the blood of innocent people. The position of the Obama administration in defending the visit of the Russian destroyer and other warships to the port of Tartous as being a normal and routine visit is not far from your attention. Those are the true killers, and those are whose influence should be wiped off from the land of Sham, which is sunk in the blood of its martyrs, such that they never dream of returning to it through an agent of a handsome face, which America still actively looks for as an alternative, to maintain a secular democratic Western system that preserves its influence and interests.

The pillars of this criminal bankrupt regime are burning, and the elements of its life are falling down at home. After high rank splits in the military and diplomatic circles, and after the arrival of the revolution blaze to its two main strongholds it had boasted they are with it, namely Damascus and Aleppo, Aleppo came out with all of its power to declare disobedience. While Damascus became to sleep and wake up at battles and mortar shells that are not far from the bedroom of Al- Assad more than the planes of the Jewish entity were from his palace. And after it miserably failed to suppress the blessed revolution of Sham, which was clearly manifested in the strike of the brave traders whom he thought as soldiers in its brutal army, it got nothing to do other than the likes of these cowardly massacres against unarmed people that have no power and no strength.

O people of Sham! O heroes!

By Allah, you will succeed. For Allah hears and sees as He was with Moses, peace be upon him, hears and sees. He will help you, even after a while. As Moses and his people were patient at the oppression of Pharaoh and his soldiers, and they fled through a long road without despair until their Lord delivered them and drowned Pharaoh, He will deliver you as well after your patience. Allah, The Almighty said:

﴿وَنُرِيدُ أَنْ نَمُنَّ عَلَى الَّذِينَ اسْتُضْعِفُوا فِي الْأَرْضِ وَنَجْعَلَهُمْ أَئِمَّةً وَنَجْعَلَهُمُ الْوَارِثِينَ﴾

"And we want to be gracious to those who were oppressed in the land and make them leaders and make them the inheritors." [al-Qisas:05]□

Statement of Hizb ut-Tahrir / Indonesia: WELCOMING RAMADAN 1433 AH STRENGTHEN FAITH, ENFORCE SHARIA AND KHILAFAH

Marhaban ya ramadhan! Welcome Ramadan. Ramadan 1433 H. will come soon. Ramadan is a month which is full of mercies. There is a night better than thousand months. Ramadan is a month which Allah (swt) makes fasting an obligation and night praying an additional worship for Muslims. Getting closer to Allah (swt) by doing benefaction in Ramadan is like doing fardhu in other month. While doing a fardhu in Ramadan is like doing seventy fardhu in other months.

Ramadan is the month that its beginning is grace, its middle is forgiveness and its end is liberation from the torments of hell fire. In this month whoever eases the burden of his servant, surely Allah will forgive their sin and free them from hell.

Ramadan is the month of obedience. Ramadan is the month to get closer to Allah. Ramadan is also the month of sacrifice in the way of Allah (swt). In which every Muslim is required to make sacrifices to keep hunger and thirst to achieve the degree of piety. God-fearing is the culmination of wisdom from fasting during Ramadan. Manifestation of individual piety is to carry out all the commands of Allah and stay away from His ban. While as the realization of collective piety is to implement sharia (Islamic Laws) completely in all aspects of community life in the shade of the caliphate. All the good things that come throughout the month of Ramadan would be meaningless if they are not followed by the implementation of sharia completely, because that's the real manifestation of faith.

With regard to the arrival of Ramadan 1433 H, Hizb-ut Tahrir/Indonesia calls:

1. All Muslims in Indonesia to fast as best as possible, devoutly and sincerely by then all wisdom can be captured as well. Ramadan atmosphere which is also called month of holy war should be able to strengthen faith, spirit to hold Islam strongly, carry on amar ma'ruf nahyi munkar enthusiastically and fight to realize Islamic life by implementing sharia in the shade of Caliphate.

2. Indonesia government to keep political, social, economic and cultur-

al atmosphere remaining conducive so the Muslim ummah can perform Ramadan fasting as well as possible. The government must close sinners including entertainment places which are always controversial in every approach of Ramadan. Similarly, the government must also end all sins like corruption, adultery, cruelty etc including the indifference to commands and prohibitions of Allah which are in Al Quran and Hadith. All of these sins must be closed not only in Ramadan but also in all months because all acts of sins and sinners exist in Indonesia where Muslims are the majority. Allah's Blessings will fill this country if the population of this country is faithful and God-fearing (they run all Allah commands and leave all His prohibitions.)

Hizb ut-Tahrir Organizes Countrywide Protests and Speeches: Traitor Rulers Seek to Purge Sincere Officers from Pakistan Army to Protect American Raj

Hizb ut-Tahrir has organized dozens of protests and speeches in Karachi, Lahore, Rawalpindi, Islamabad and Peshawar which were attended by thousands of people. These protests were held to call for the end of the American Raj from the country as well as the traitors rulers and called for the establishment of Khilafah to bring real change.

Members of Hizb ut-Tahrir said that Zardari, Gilani, Kiyani and Pasha have also persistently implemented the same policies of Musharaf which are pro-America and against Islam and Pakistan. These treacherous rulers have handed over countries land, air, military installations and intelligence agencies to America and if the sincere army officers or any other Muslim raises there voice against these treacheries, they perpetrate abduction, torture and court martial in reprisal. Whether it is the matter of Dr. Afia Siddiqui or Raymond Devis or attack on Salala check post or the killing of thousands of citizens in drone attacks; these treacherous rulers always take the side of America in confrontation with the Ummah.

Speakers said now these disloyal rulers have started to target the sincere officers in the Pakistan's armed forces so that they can choke the most powerful voice against American Raj in Pakistan. They said America through Kiyani and Pasha wants to silence the voices of officers like Brigadier Ali by accusing them of mutiny. On the other hand America provides extensions to those traitor officers like Kiyani and Pasha who betray Allah swt, Mohammad s.a.w and the Ummah. Speakers said that real change will not come through democracy and its conciliatory politicians because they strengthen this Kuffar system. They said a real change is only possible with the establishment of Khilafah which will end the American Raj from Pakistan, expel American forces and its intelligence agencies from the country, close American embassies, mobilize Muslim forces to expel America from the region, strike down drone planes and will trial treacherous like Zardari and Kiyani. They appealed to the people that they should protest against the disgraceful plan of these disloyal rulers to purge sincere officers from Pakistan army and de-

mandated from the sincere officers in the Pakistan army that they should give Nusrrah to Hizb ut-Tahrir to establish Khilafah. □

Syria: Our Test of Sabr

To our horror, Bashar Al-Assad continues to ravage and massacre his people, a people who are under his dreadful custodianship. Such a paradox! That Bashar Al-Assad holds such a position rather than protecting and guarding his people from harm's way, while he is the clear and present danger to his population. He heavily bombards any threat in his path be it a recently widowed woman, premature infant, or elderly man. His ruthless acts have truly tested the Eman (faith) and courage of the Syrian people. Men and women alike favor death over surrender in light of the savage unceasing violence. This death, inshallah, is considered an honorable death in the sight of Allah (swt). Despite the heavy shelling from the Syrian military destroying homes, schools, and hospitals, people still persevere and remain determined to have their voice heard.

Penetrating deep into the hearts of these tireless protesters, we find a unique trait captivating onlookers. What keeps them determined and focused, knowing that may not live to see the following sunrise? Their minds and hearts are filled with distinct feature non-Muslims may find it nearly impossible to comprehend, yet Muslims grasp it fully thereby inspiring others to continue their struggle for a victorious reform. This blessed feature is Sabr (patience) in the face of adversity.

Sabr often times confused as silently standing by witnessing the oppressions and wrongs of our society. Distancing ourselves from the vital issues and keeping ourselves busy with the spiritual aspects of Islam's rituals: tasbeeh, duaa, unconcerned with the Ummah's state of affairs. All the while, people including ourselves suffer from injustice and hardships. This type of silent suffering has greatly contributed to our Ummah's decline. Misconceptions and fear from government repercussions have played a major role in this.

Yet the true definition of Sabr is the opposite of silently accepting injustice or isolating oneself from the evils of society. Sabr is speaking the word of Haqq (Truth) in front of the oppressor. Sabr is resisting the tragedies that afflict our Ummah without fear of repercussion. Sabr is going about real change to achieve true revival in our precious Ummah. The Believers understand Allah's (swt) Laws so thoroughly that they are willing to suffer any consequence towards triumph, enduring torture-filled imprisonment, loss of wealth, and the ultimate sacrifice: loss of life. Allah swt said,

﴿وَلَنَبْلُوَنَّكُمْ بِشَيْءٍ مِّنَ الْخَوْفِ وَالْجُوعِ وَنَقْصٍ مِّنَ الْأَمْوَالِ وَالْأَنْفُسِ وَالثَّمَرَاتِ ۗ وَبَشِّرِ الصَّابِرِينَ الَّذِينَ إِذَا أَصَابَتْهُمُ مُصِيبَةٌ قَالُوا إِنَّا لِلَّهِ وَإِنَّا إِلَيْهِ رَاجِعُونَ ۚ أُولَٰئِكَ عَلَيْهِمْ صَلَوَاتٌ مِّن رَّبِّهِمْ وَرَحْمَةٌ وَأُولَٰئِكَ هُمُ الْمُهْتَدُونَ﴾

“And certainly, We shall test you

with something of fear, hunger, loss of wealth, lives and fruits, but give glad tidings to As-Sabirin (the patient ones, etc.). Who, when afflicted with calamity, say: "Truly! To Allah we belong and truly, to Him we shall return. They are those on whom are blessed and will be forgiven) from their Lord, and (they are those who) receive His Mercy, and it is they who are the guided-ones." [Al-Baqarah: 155-157].

After reading the inspiring Ayaat of Allah (swt) in their prayers deep in the night, it instills great motivation that drives the Muslim to stand up for the Haqq (Truth) in the face of a brutal tyrant and his terrible regime. The deep understanding of Qadda and Qadr allows the true believer to act bravely and forcefully without any worry about this temporary life, for these blessed defenders of the Haqq long for the eternal life. A glorious life as promised to them by the Creator Himself. We take these Believers as our examples who exemplify the strength of their sabr and Imaan.

The Messenger of Allah (saw) said, "It is a punishment that Allah sends to whom He wills. Allah has made it a mercy for the believers. There is not a servant who finds himself amidst a plague but he stays in that land in patience hoping (for Allah's reward) and knowing that nothing can harm him except what Allah has written then this servant will be given a reward like that of a martyr." (Al-Bukhari) What an honor to die as a martyr to be placed within

the same ranks as the great warrior Hamza (ra) on the Day of Judgment for all the creations to witness.

The Prophet (saw) said, "No fatigue, nor disease, nor sorrow, nor sadness, nor hurt, nor distress befalls a Muslim, even if it were the prick he receives from a thorn, but that Allah expiates some of his sins for that." Remain steadfast our dear brothers and sisters. Inshallah while enduring the great calamities brought down upon you that you shall enter the Heavens pure and untainted as the day you were born.

Syria, rest assure. Jannah (Paradise) is so close to you that your bloodshed will not be lost in vain. The Prophet (saw) expressed the goodness and blessing of the Ahl ash-Sham, **"O Allaah bestow your blessings on our Shaam. O Allaah bestow your blessings on our Yemen."** Carry that glad tidings with you to your grave. Inshallah our Ummah's calamity will soon be relieved and Islam's glorious light will fill our skies as promised by the Creator of the universe. Allah (swt) comforted His Believers with the following ayah:

﴿إِنَّ اللَّهَ يُدَافِعُ عَنِ الَّذِينَ آمَنُوا ۚ إِنَّ اللَّهَ لَا يُحِبُّ
كُلَّ خَوَّانٍ كَفُورٍ﴾

"Indeed, Allah defends those who have believed. Indeed, Allah does not like everyone treacherous and ungrateful." [Al-Hajj: 38] □

that we shall harvest after the enormous sacrifices on the blessed land of Ash-Sham, the central abode of Islam. Allah says:

﴿وَعَدَ اللَّهُ الَّذِينَ آمَنُوا مِنْكُمْ وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ الَّذِينَ مِنْ قَبْلِهِمْ وَلَيُمَكِّنَنَّ لَهُمْ دِينَهُمُ الَّذِي ارْتَضَى لَهُمْ وَلَيُبَدِّلَنَّهُمْ مِنْ بَعْدِ خَوْفِهِمْ أَمْنًا يَعْبُدُونَنِي لَا يُشْرِكُونَ بِي شَيْئًا وَمَنْ كَفَرَ بَعْدَ ذَلِكَ فَأُولَٰئِكَ هُمُ الْفَاسِقُونَ﴾

"Allah has promised those who have believed among you and done righteous deeds that He will surely grant them succession [to authority] upon the earth just as He granted it to those before them, and that He will surely establish for them [therein] their religion which He has preferred for them, and that He will surely substitute for them, after their fear, security, [for] they worship Me, not associating anything with Me. But whoever disbelieves after that - then those are the defiantly disobedient." [al-Noor: 51].

And that is not difficult for Allah in the slightest.□

Do Not Accept a Substituent to the Islamic Banner & Flag

the price for their war against Islam and Muslims which provokes every sincere Muslim

The origin is that we perish the colonialists with their anger and not accept them provoking us, let alone harass us, and then we are afraid that we provoke them! Rather it is our right to react and respond to them, tell them openly:

﴿قُلْ مَوْتُوا بِغَيْظِكُمْ﴾

"Say: Perish in your rage" [Aal-Imraan: 119]

We realize that the disbelieving colonialists do not tolerate hearing the word Khilafah, how about if they feel that it is coming soon knocking on their doors like what happened to their people that came before them?

﴿وَقَالُوا أَنَّهُمْ مَانِعَتُهُمْ حُصُونُهُمْ مِنَ اللَّهِ فَأَتَاهُمُ اللَّهُ مِنْ حَيْثُ لَمْ يَحْتَسِبُوا وَقَذَفَ فِي قُلُوبِهِمُ الرُّعْبَ يُخْرِبُونَ بُيُوتَهُمْ بِأَيْدِيهِمْ وَأَيْدِي الْمُؤْمِنِينَ فَاعْتَبِرُوا يَا أُولِيَ الْأَبْصَارِ﴾

"And they thought that their fortresses would defend them from Allâh! But Allâh's (torment) reached them from a place whereof they expected it not, and He cast terror into their hearts so that they destroyed their own dwellings with their own hands and the hands of the believers. Then take admonition, O you with eyes (to see)." [Al-Hashr: 2] □

A Warm Call to Our People in Syria

down at a time he wants to be helped. And whoever helped a Muslim when his honour is disgraced and his sanctity is violated Allah would help when he likes to be helped." (Ahmad)

We, in Hizb ut-Tahrir, ask Allah to take our call to every believer and every fair person and every conscious person. And we ask Him ta'ala to hasten His help and His relief to the people of Syria; to make the plot of the oppressors return to their throats; to make their destruction in their own planning; and, at the end of this crisis, to give us two joys: the joy of the fall of the tyrant, and the joy of the declaration of the rightly guided Khilafah. For indeed He is responsible of that and Able to fulfill. Walhamdu lillahi Rabbil A'alameen.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ وَاعْلَمُوا أَنَّ اللَّهَ يَحُولُ بَيْنَ الْمَرْءِ وَقَلْبِهِ وَأَنَّهُ إِلَيْهِ تُحْشَرُونَ﴾

Cameron's Extremism and Islam

"The Islamic system of governance, under the Caliphate, promotes the idea of an elected, accountable leader; where minority religions have protection under the constitution; where the laws are derived from the Shariah, so cannot be influenced by the corporate elite; where the rule of law is paramount and applies to all - including the Khaleefah; where corruption must be rooted out, unlike in his democratic system which encourages it."

"The reason Britain, the United States, and other capitalist states are so dishonest and hypocritical on issues of Islam, freedom, democracy and dictatorship, is that a real Islamic government would end the West's colonial hold on Muslim countries; and end their use of international institutions to keep themselves strong at the expense of others."

"The people of Indonesia, Malaysia and elsewhere are not unaware of the inaccuracies of this speech - which is why increasing numbers across the region support the inevitable re-establishment of the Caliphate." [Ends]□

Perpetual Domination of Kuffar

Muslim Ummah, those who are occupying our lands, make our younger and elders kill and cry, take us out from our houses, we should never sign strategic pacts with them rather we should act upon the orders of Allah (swt) while dealing with them, which says:

﴿وَأَقْتُلُوهُمْ حَيْثُ تَقِفُوهُمْ وَأَخْرِجُوهُمْ مِّنْ حَيْثُ أَخْرَجُوكُمْ﴾

"And slay them wherever ye find them, and drive them out of the places whence they drove you out"

This is how we should react to the call of Allah (swt) and not sign pacts with the kuffar and accept their supremacy, their friendship and their cooperation, which are forbidden in Islam. While these traitor rulers are making friendship with the enemies of Allah (swt), his messenger and believers, Allah (swt) says about them in his holy book:

﴿إِنَّمَا يَنْهَاكُمُ اللَّهُ عَنِ الَّذِينَ قَاتَلُوكُمْ فِي الدِّينِ وَأَخْرَجُوكُم مِّن دِيَارِكُمْ وَظَاهَرُوا عَلَىٰ إِخْرَاجِكُمْ أَن تَوَلَّوْهُمْ وَمَن يَتَوَلَّهُمْ فَاُولَٰئِكَ هُمُ الظَّالِمُونَ﴾

"Allah forbiddeth you only those who warred against you on account of religion and have driven you out from your homes and helped to drive you out, that ye make friends of them. Whosoever maketh friends of them (All) such are wrong doers." □

the thugs of Kayani that they are involved in the abduction of a huge number of people, the judiciary never dared to call Kayani to stand trial.

Incidents of Afia Siddiqui, Lal Masjid, people who were abducted from Adyala jail and then their relatives receive their dead bodies and so many other incidents which proves that Kayani and his few fellow traitors within the political and military leadership wants to make a horrific example of each and every person who wants to end the American Raj from Pakistan and demands the implementation of Islam.

Hizb ut-Tahrir wants to make it clear to Kayani that his cheap tactics never succeeded in stopping the Hizb from its struggle nor will they succeed in future. Kayani should not forget the end of Ghadaffi, Hussani Mubarak and Bin Ali. He is neither more powerful as them nor he is the most beloved slave of America. Insha Allah establishment of Khilafah is very near and that day will be a day of rejoicing for the Muslims and a day of great fear for Kayani and his friends. □

Book of the Month:

The Funds in the Khilafah State

By
Hizb ut-Tahrir

We discuss in this book 'The Funds in the Khilafah State' and their rules. We explain their sources and types, from where they are collected, the time of their collection and the way they are collected, and the sections in which they are kept. We also explain those who are entitled to these funds and the areas of their expenditure. Since the record of these funds and their collection requires the knowledge of the lengths, areas, measures and weights, we address that so as to become quite clear in a way that determines their reality and removes any vagueness about them. We evaluate these funds in lengths, areas, measures and weights that are used today, so that they are easily followed and fairly understood, far from any complications. Since the monetary aspect has a special importance in the funds of

the Khilafah State, because it is linked to the divine rules, we address it and explain its reality, the basis upon which it is established, the units that are related to, together with their weights, and also the problems faced and the way of solving these problems.

The rules of the funds of the Khilafah State are derived from the Qur'an and the Sunnah, after study and scrutiny of the sayings of the Sahabah, the Tabi'een (the followers) and their followers and the opinions of the Mujtahideen. All this is done based on the evidences proven to be the strongest in our view; for the divine rules are adopted based on the least amount of doubt (Ghalabat uz-Zun) without the stipulation of the evidences being definitive as is required when establishing the creed.

In this quick summary we can get a picture of the type of funds that reached the Bait ul-mal of the Muslims, and which Allah swt has made-permissible for them, and made the right due to the Bait ul-Mal, to be spent on whatever the divine rules decreed. This was according to the Ijtihad of the Khalifah regarding what he sees most fitting for the interest of the Muslims and for looking after their affairs. Thereupon, funds in the Khilafah State are made up of the following types:

- ♦ The booties and the spoils of war, Al-Fai' and the fifth.
- ♦ Al-Kharaj.

- ♦ Al-Jizya.
- ♦ Public property (in all its forms).
- ♦ State property of land, buildings, utilities and their revenues.
- ♦ Al-'Ushur.
- ♦ Money attained illegally by the rulers, the employees of the State, illicit money and money from penalties.
- ♦ The fifth of Al-Rikaz (hidden treasures) and minerals.
- ♦ The inheritance property of the one who has no inheritors.
- ♦ The property of apostates.
- ♦ Tax funds.
- ♦ Charity funds – Zakat.

We will discuss each of these different types to understand its reality, who is entitled to dispose of it, the manner of expenditure, the area of its expenditure and who are eligible of it.

We ask Allah swt to help us and make it easy for us to put these rules into application in the coming Khilafah State. Indeed He is our protector (Mawla), and indeed He (swt) is the best protector and the best Helper. □
