**Bashar's massacre in the city of Homs (Hula)
is a stain on the international community and a cry
for those who support the Deen of Allah for the
relief of their people**

On Friday 25/05/2012 the forces of the assassin Bashar al-Assad committed their latest brutal massacre. They executed this massacre on the defenseless believers from the Syrian people in Homs, in the Hula area. They used all types of weapons, heavy and light, as they moved from the Military Academy in Homs. The result was around one hundred martyrs and hundreds of wounded, mostly women and children; so crowding the temporary hospitals in homes, after being chased by the knives of the mad thugs and dogs of the regime, who as usual started to kidnap the wounded from hospitals while still bleeding. All of this exposes this regime as being an open enemy to Allah, His Deen and to the believers from the Syrian people. Let this impudent regime know that it kills itself before killing anyone else; and that a black day soon awaits it; and that tomorrow is near.

This massacre has exposed, more than ever, this criminal regime and its supporters in the international community: America, and its tools - the destructive regimes that govern Muslim countries - and its international channels like the United Nations, and regional channels like the Arab League, which have not and will not lift a finger. All of this indicates clearly of collusion and coordination going on with this assassin regime regarding what is happening. This criminal regime knows that the international community stands on its side because it is afraid of the birth of a new era for Islam in Syria, where signs of its return haunt the West and make it remain silent about the crimes of this regime. This regime has felt that the balance has tipped in favor of the revolution, particularly after its extension to Damascus and Aleppo, and after the last operation tried to reach the so-called "the cell of crisis management", who form the pillars of its criminality. By this massacre it wants to show that it still has the initiative and not being overtaken.

Dear Muslims in Sham, the beating heart of the Ummah, the centre of Khilafah abode, victorious and triumphant!

This massacre must be a motivation for you to increase your pure attachment to your Deen, and consider it your only savior. So, increase your rejection of the disbelieving West and its cronies and tools. The real reason why you are attacked by everyone is because of the emergence of your Islamic orientation, by which you have perfumed your Islamic revolution so as to be sincere to Allah Almighty.

Dear loyal officers, O Ansar (supporters) of Allah and the bearer of the banner of the Messenger of Allah, May Allah send peace and blessings on him and his household.

The vulnerable men, women and children of your people who have no way out (of what they face) call out your deen, and cry out to Allah to provide them with sincere supporters from amongst you who would put an end to these tragic situations. We in Hizb-ut Tahrir, know that no one will save our people in Syria and the whole Islamic Ummah except a group of believing supporters who answer for their distress calls, as obedience to Allah Almighty for the establishment of the second rightly-guided Khilafah.

Allah (swt) says:

﴿إِنَّا تَنْصُرُوهُ فَقَدْ نَصَرَهُ اللَّهُ إِذْ أَخْرَجَهُ الَّذِينَ كَفَرُوا ثَانِيَ اثْنَيْنِ إِذْ هُمَا فِي الْغَارِ إِذْ يَقُولُ لِصَاحِبِهِ لَا تَحْزَنْ إِنَّ اللَّهَ مَعَنَا فَأَنْزَلَ اللَّهُ سَكِينَتَهُ عَلَيْهِ وَأَيَّدَهُ بِجُنُودٍ لَمْ تَرَوْهَا وَجَعَلَ كَلِمَةَ الَّذِينَ كَفَرُوا السُّفْلَى وَكَلِمَةَ اللَّهِ هِيَ الْعُلْيَا وَاللَّهُ عَزِيزٌ حَكِيمٌ﴾

“If you do not support him Allah has supported him; where the unbelievers drove him out; and he was the second of two, they were in the cave. He says to his companion do not grieve for Allah is with us. Thus Allah brought down His tranquility on him, supported him by soldiers that you could not see, and He made the word of the unbelievers the lower word; but the word of Allah is the upper; and Allah is Mighty, Wise.”□

Massacre in Houla

O Muslims! Do not accept a substituent to the Islamic banner and flag; Even though that kills the infidels' colonists in their rage!

A number of flags and standards have come, and they are different in various Muslim countries, especially after the popular movements against the unjust tyrant rulers in Muslim countries. Some of them started raising the flag of "independence" or keep their existing flag, or raising their own flag...

And from them are those who hold good hope about one flag or another and think that they do not violate the Shara' ... there are others who mislead people and frighten them from provoking the disbelieving west and their anger if they raise the banner of Islam ...! Some of them make an effort intentionally and deliberately to hoist a flag that violates the Shara' as an invitation to a Secular civil State ...and so on.

And in clarification and explanation to those who think that their Flags are not contradictory to the Shara' and if they knew the contradiction they would leave it and raise the flag of Islam..., And in the delusion of their death that the righteous people don't fear the provocation or the anger of the Disbelieving colonialist... And in censure to those secularists and their supporters who are fighting the Shari'ah banner openly in the day, we explain this matter...

﴿لِيَهْلِكَ مَنْ هَلَكَ عَنْ بَيِّنَةٍ وَيَحْيَىٰ مَنْ حَيَّ عَنْ بَيِّنَةٍ﴾

"So that those who were to be destroyed (for their rejecting the Faith) might be destroyed after a clear evidence, and those who were to live (i.e. believers) might live after a clear evidence." [TMQ AlAnfaal: 42]

The Islamic state "caliphate" has Flags (Liwa) and banners (raya), and that is in deducted from how it was during the first Islamic state which was established by the by the Messenger of Allah (saw) in Madina Al Munawwara, it is as follows:

1. The Flag (Liwa) and the Banner (Raya), in terms of language, it means the Flag/Sign. According to the Qamoos al Muheet (dictionary): (banner (raya) means the Sign, the plural of which banners (rayaat)), (the Flag (Liwa) means the sign, the plural of which is flags (Alwiya)), the Shara' gave both of these terms in terms of use, a Shari' meaning:

The Flag (Liwa) is White, and Laa Ilaha Illa Allah Muhammad Arrasullullah (there is no God But Allah and Muhammad is his messenger) is written on it in black, and it is held by the Ameer of the army or Army Commander. The Flag remains in its position on the pole and spins along with the pole. And

the evidence of handing over the flag (liwa) to the Ameer of the Army

"أن النبي صلى الله عليه وسلم دخل مكة ولواؤه أبيض"

"The Prophet (saw) entered Makkah and his flag was white."

Reported By Ibn Majah

And the Banner is black (Raya), and Laa Ilaha Illa Allah Muhammad Arrasulullah (there is no God But Allah and Muhammad is his messenger) is written on it in White, it is assigned to the Army Corps commanders (battalions, companies, other army units), and the evidence is that that the Prophet (saw) and he was the Army Commander in Khayber said:

"لَأُعْطِينَ الرَايَةَ غَدًا رَجُلًا يُفْتَحُ عَلَى يَدَيْهِ، يُحِبُّ اللَّهَ وَرَسُولَهُ، وَيُحِبُّهُ اللَّهُ وَرَسُولُهُ... فَأَعْطَاهَا عَلِيًّا رَضِيَ اللَّهُ عَنْهُ" (متفق عليه)

"I will give tomorrow the banner to a man that Allah opens it on his hands, he loves Allah and His Messenger, Allah and His Messenger love him ...And he gave it to Ali, may Allah be pleased with him"

So Ali (ra) was considered the commander of regiment or a battalion of the army.

And similarly in the hadith of Harith bin Hasan al Bakri, he said: "Once we arrived in Madenah, and we found the Messenger of Allah peace be upon him standing on the platform and Bilal was standing next to the Messenger of Allah peace be upon him, and black flags, and asked what about these flags? They said: 'Amr ibn al-Aas came from the battlefield'" Extracted by Ahmad.

So the meaning of *رايات سود* and black flags is that there were several banners (rayat) who were with the heads of the army and the heads of the battalions and its units while the Ameer of the army was one and he was Amru Bin Al Aas (ra) and he was assigned the Flag (Liwa), therefore the Flag is assigned is to nobody other than the Ameer of the Army and the Banners are assigned as standards to the Army.

2. The Flag is assigned to the Ameer of the army, and it's a sign that is put at his headquarters. As for the battle, the Commander of the battle, whether the Ameer of the Army or another Commander appointed by the Amir, he carries the banner (raya) during the fighting on the ground, and therefore it is called the 'mother of the war' because it is carried by the Battle Commander in the field ... Al-Bukhari narrated from Anas that the Prophet (saw) announced the death of Zayd (ra), Ja'far (ra) and ibn Rawaha (ra) to the people before their news reached the people and said:

"أخذ الراية زيد فأصيب ثم أخذ جعفر فأصيب ثم أخذ ابن رواحة فأصيب"

"Zayd took the banner and was struck, then Ja'far took (it) and was struck, then ibn Rawaha took (it) and was struck."

Also, in the event of a war with the enemy, if the Army Commander in the field is the Caliph himself, the Flag (Liwa) may be raised in the battle, and not the banner (raya) only . It has been reported in the Seerah of Ibn Hisham in the discussion about the battle of Badr that the Flag and the banner were raised in the battle ... In peace, or after the battle, the banners are prevalent in the army and are raised by the army departments and its and its brigades and units ... As stated in the hadith of Harith Ibn Hassan Al-Bakri regarding the army of Amr Ibn al-'aas.

3. The Flag (Liwa) is spread on a side of a spear and curved on it and is given to the Army Commander depending on the number of armies, So it is assigned to the Army commander of the first army , second army, and third army ... Or it is assigned to the Commander of the army of Sham and Iraq and Palestine ... Or the Commander of the army of Homs and Aleppo and Beirut ... And so on based on the names of the armies. In origin the Flag is wrapped on the spear end and is not unwrapped unless needed, for example, it is hoisted over the Dar AL khilafah to emphasise the importance of the Dar, because the Caliph is the Commander of the Army in Islam. Similarly the Flag (Liwa) is also hoisted over the headquarters of the Army commanders during times of peace so that the Ummah sees the mightiness of the Flags of its Army. But if this requirement contradicts with the Security aspect and if there is fear that the enemy will come to know the headquarters of the Army commanders, the Flag (Liwa) returns to its original and it is not hoisted and remains unwrapped.

As for the banner (Raya) it is left open to swirl along with the wind similar to the Flags today, therefore they are placed on the building of the State, its institutions and the security departments, and it is hoisted only on these, with the exception of Dar Al Khilafah , the Flag (Liwa) is hoisted there because he is the Ameer of the Army, the Banner (raya) is also hoisted along with the Flag (Liwa) as the Dar Al khilafah is the head of the departments and institutions of the state. Also, private institutions and ordinary people can raise the banner (raya) and hoist it at their homes specially during the festive occasions and victory and so on..

O Muslims: In your movements, you must raise this banner (raya) without fear from any one other than Allah (swt), and do not be influenced by the allegations propagated by the deceitful among You saying that this banner (Raya) symbolizes the Khilafah, and this will provoke the disbelieving West! Provoke them and break their back, for this is the price for their war against Islam and Muslims which provokes every sincere Muslim ... [Cont. on p. 34](#)

In His Recent Speech, Commenting on the Massacre of Hula, Bashar Al-Assad Describes Himself as Monstrous and Inhuman (Translated)

On Sunday morning of 03/06/2012 Bashar al-Assad gave the opening speech of the first legislative session of the new Syrian Parliament (puppets). It is notable that the speech was not announced except at its time and via television. This indicates the regime's fear of security agitation that might affect it. The regime has been driven to undertake unprecedented security measures in the vicinity of the parliament, closing all routes and streets leading to the council with water containers and trucks, in addition to the thugs who swarm the streets, despite the short distance between the presidential palace and the parliament.

However, Bashar added nothing new to his previous speeches since the outbreak of the blessed revolution. It was no more than a repetition of the same position (the claim of his reforms, his call for dialogue, his talk of civil strife, terrorism and foreign conspiracies ...), as well as his repeated insistence on the security solution, and continuing the killing and slaughter, congratulating himself like a surgeon that deserved to be told "may Allah bless your hands!"

It is ironic that this council (of puppets), filled with Bashar's cronies (nappeeha), hearing the words in his speech "we stand paying tribute to the lives of the martyrs", indicating a metaphorical meaning and not literal standing, stood up in a confused comical way that made him laugh This is one of Bashar's forthcoming reforms.

Political analysts of Bashar's speech have become psychologists - analyzing his diseased arrogant psyche that is unhinged from reality and which inverts the facts instead of studying what's hidden between the lines of his speech and his policies.

Bashar has, like his authority, been shaken. He described the massacres perpetrated by his thugs (shappeeha) at his order in Hula, Kazaz, Meedan, Deir ez Zor and Aleppo ... as "ugly, heinous and brutal". He also said: "Even monsters do not do what we've seen, especially in the massacre of Hula," and he said insolently: "I think that the Arabic language and possibly human language in general is unable to describe what we saw". He accused others of what he did and lied about, describing what's happening in Syria as a "crisis that was set up on solid foundations of fraud."

Indeed, Bashar is no longer worth the attention of the international community; for discussion has started about what comes after him. This speech came

to announce the regime's failure to end the revolution. Rather, the revolution - thanks to the faith and steadfastness of its people - will end the regime, with the help of Allah Almighty. This speech came to announce that Bashar has started to lose and is on a countdown, especially after the revolution has expanded to include both of Damascus and Aleppo.

What is happening in the blessed revolution of Syria is very promising for the Islamic agenda; and which is, at the same time, terrifying for the American agenda in the region.

We ask our people in Damascus and Aleppo, who have started to join the revolution, to deliver the fatal blow to this regime, and to let their crowds get together just once to get rid of this perishing regime, otherwise it will use the scorched earth policy against them as it used against others. They have to rectify the sin of their hesitation in joining the revolution, with the reward of finishing this criminal regime immediately.

O patient believing Muslims in Syria:

What has made you steadfast until now despite the appalling killing machine is your faith in Allah, the One, and the Almighty. So, stand firm on this belief, and make its fruit the establishment of the rightly-guided Khilafah, which Allah will be pleased of. Do not give your leadership to a traitor, to an agent, or to anyone associated with the disbelieving Western countries, nor to anyone that seeks their help. This is because all of this brings the wrath of Allah the Almighty, and it conflicts the verse:

﴿وَلَنْ يَجْعَلَ اللَّهُ لِلْكَافِرِينَ عَلَى الْمُؤْمِنِينَ سَبِيلًا﴾

“And Allah will never allow the disbelievers to have a way (power) over the believers”

Command your sons, of the people of power not to hesitate from supporting their deen and their people. Command them also to give Hizb ut-Tahrir the pledge of allegiance to rule with Islam. So, you and your Ummah will be relieved of the criminal unjust rulers and of the disbelieving capitalist Western countries that stand behind them and who spare no effort in seeking to corrupt you, misguide you, and who work on impoverishing you and killing you. Allah, Almighty says:

﴿إِنَّ الَّذِينَ يُبَايِعُونَكَ إِنَّمَا يُبَايِعُونَ اللَّهَ يَدُ اللَّهِ فَوْقَ أَيْدِيهِمْ فَمَنْ نَكَثَ فَإِنَّمَا يَنْكُثُ عَلَى نَفْسِهِ وَمَنْ أَوْفَىٰ بِمَا عَاهَدَ عَلَيْهِ اللَّهُ فَمِنْ أَجْرٍ أَعْظَمًا﴾

“Those who give their allegiance pledge to you are as if giving the pledge to Allah. Hand of Allah is over their hands. But whoever breaks out (his pledge) he does this against oneself; while the one that fulfils the pledge he gave to Allah He will grant him a great reward.”□

Open Letter from Hizb ut-Tahrir to America's guardian in Pakistan, General Kayani

Peace be upon those who tread the path of guidance,

We send you this letter as you are about to embark on new initiatives to further endanger the country with respect to Pakistan's eastern and western borders, and all that lies in between. And we write to you at a time when the Ummah is rising up to depose tyrant rulers, from Ben Ali to Bashaar al-Assad, one after another in her march towards Khilafah. We address you as you are America's chief guardian of the kufr, colonialist system in Pakistan, who achieved ruling not through a legitimate Bayah, given by consent and choice by the Ummah, but with the foreign support of the Americans and under their instruction and command, as their reward for your career of treachery.

You earned America's praise and the anger of Allah swt even before America chose you as its key agent, chosen from a market of agents for the foreigners. During the time of your predecessor, Musharraf, you assisted him for over a decade to establish America's military and intelligence presence to unprecedented levels within our borders. You shared in Musharraf's sinful treason as you helped open the doors for America in the region, using the resources of the Ummah against herself, by granting air corridors, land routes and bases that were essential for the invasion of Afghanistan. Then when America was assailed by the brave Muslims of the tribal areas, besieged and shaken, you as chief of ISI were the key to the massacre in Lal Masjid and Jamia Hafsa, which was a bloody introduction to a war of Fitna in the tribal areas. A costly war in which you helped turn the strength of the Ummah against her, for her armed forces and the mujahideen should have stood as one hand against the kuffar invaders. Instead you helped to sacrifice thousands of Muslim soldiers and tens of thousands of Muslim civilians to protect the illegitimate and brutal occupation by crusader forces that desecrate the Quran, urinate on the corpses of the martyrs, slay the children and dishonor the women.

As for the Hindu enemy, you and Musharraf abandoned the Muslims of Kashmir, declaring Jihad against the Hindu occupying forces a crime. You both thereby bolstered Hindu schemes against the Muslims, such that the Hindu began exploiting matters in Baluchistan and the tribal areas, after your master America, with your help, extended India a new presence in neighboring Afghanistan from which she can launch her mischief.

Then as Musharraf's mask began to slip, your colonialist masters, the Ameri-

can, were forced to seek the support of their competitors in the affairs of Pakistan, the British. So you, General, scurried here and there to broker a deal with Benazir Bhutto to stabilize Musharraf and the colonialist system in Pakistan. You assisted so ably that when Musharraf's mask fell completely, the then Deputy Secretary of State, John Negroponte, appointed you personally as America's agent ruler in Pakistan and commanded you for hours, before proceeding to discharge Musharraf, who had outlived his usefulness, a lesson for you if only you would learn its real message.

This promotion, and the subsequent extension to your service, both sanctioned by Washington, only increased your determination to serve America even more. Learning from Musharraf's mistake, America provided you two of her agents, Gillani and Zardari, as a mask for you. So that you can busy yourself in assisting her, undisturbed, they unleashed kufr capitalist policies which denied the Muslims of affordable and available basic needs, oil, gas, electricity, education and health, despite Pakistan's abundant resources, drowning them in hardships and crises so that they cannot even take a breath that is long enough to utter a word against you. And part of that plan, called "creative chaos" by the Americans, is to replace that mask with another from the market of agents, by replacing Gillani and Zardari with a new King's party that you are raising now.

And how you busied yourself! As America used its private military organizations, armies of Raymond Davis's, that targeted the armed forces through bombings, and assassinations, you herded the armed forces into the tribal areas. Then when America invaded Abbotabad, you scurried here and there to quell the anger of the armed forces, your mask slipping as your personal handiwork became more visible. So, after the visit of your close confidante, the American armed forces commander, Mike Mullen, you initiated a campaign to purge the armed forces of any voice that questioned the American presence in the country. Then when America and NATO attacked the Salala check-post and anger increased to overwhelming levels, you closed the NATO supply line to reduce the anger. But this was just a ploy to steady your falling mask, as you then scurried again, here and there, to create a drama within the parliament to allow the re-opening of the supply line.

However, we assure you that your mask has fallen to the point that even those nearest to you have begun to renounce you through the shame you have bought upon them and as for those playing lip service to you now, they only deceive you and will not save you. Yet, just like Musharraf in his last days, you scurry here and there, not heeding the warnings, desperately hoping to extend your usefulness, stretching out new chapters in treachery before you.

Having herded the armed forces into the tribal areas on the pretext that India has expanded its influence there, you are now seeking to subjugate Pakistan before that same India. You echo the words of your masters, calling for normalization with India, even as you stand over the bodies of martyred jawans, granting her access through Pakistan to the wealth of the Muslim Lands of the Middle East and Central Asia, even though the bigoted Hindu State has been unable to bestow justice and fair dealings even within its borders, whether upon Muslim, Sikh or any one else other than a small Hindu Brahmin elite. You are herding the Muslims towards greater danger yet again, even though the only era of peace and prosperity that this region has enjoyed was under the ruling by Islam for centuries, which ensured that this region became the envy of the world. Yet, you prepare this reckless folly with full vigor, solely because America requires that Pakistan kneels before India as part of a bloc led by India, to counter America's rival, China.

And you did not desist from working with the Americans to maintain their presence in Afghanistan, concealed by the thin veil of a nominal withdrawal. In fact, you do your best now to expand America's war even further, into North Waziristan, Karachi and Multan, plotting shamelessly with the likes of the ISAF commander, US General John Allen, whose hands were wetted with the pure Muslim blood of the soldiers of Salala check-post.

Moreover, in preparation for these new chapters in your black book of treason, and as you sense the noose of the gallows nearing your own neck like the other tyrants in the Muslim Lands, you added to your purging of the armed forces of any voices of dissent, by launching a campaign of harassment, persecution, abduction and torture against the sincere and aware politicians of Hizb ut-Tahrir, who have consistently exposed your crimes against Allah swt, His Messenger (saw) and the Believers. So, rather than making way for the officers of the armed forces to give Nussrah to Hizb ut-Tahrir for the establishment of the Islamic Khilafah state, you have joined hands with the Western crusaders who fear a Khilafah more than anything else, warring against the Muslims, their armed forces, the establishment of their state, the Khilafah, and their party, Hizb ut-Tahrir.

You, General, are responsible for reducing a land blessed with resources, a noble Muslim people and powerful Muslim armed forces and the world's only true Deen, into a battlefield, steeped in humiliation and despair. Allah swt said,

﴿الْم تَر إِلَى الَّذِينَ بَدَلُوا نِعْمَةَ اللَّهِ كُفْرًا وَأَحَلُّوا قَوْمَهُمْ دَارَ الْبَوَارِ جَهَنَّمَ يَصْلَوْنَهَا وَبِئْسَ الْقَرَارُ﴾

"Have you not seen those who have changed the Blessings of Allah into disbelief and caused their people to dwell in an abode of destruction. Hell, in which they will burn, is an evil abode, indeed!" ... Cont. on p. 34

An open letter to Kayani, Gillani, Zardari and all American puppets from Mrs. Naveed Butt, wife of Pakistan's spokesman for Hizb ut Tahrir

O slaves of America! You all know too well that on 11 May 2012 on Friday at 12.30pm my husband Naveed Butt, official spokesman of Hizb ut Tahrir in Pakistan, was bringing his children home from school. He had just got to the gate when eight to ten secret agency officials seized him and put them in their standard ISI Suzuki van as witnessed by one of our neighbors. The witness saw cars that were parked in the way of naved's car from which eight to ten men descended dressed in black pants and T-shirts embossed with the word "security", accompanied by plain clothed intelligence officials, attired in their customary white shalwaar kameez. After this incident my children became very frightened and they came home crying. My one son is ten years, another son is nine and my daughter is only six, whereas my smallest is at home, a son of two years.

You are all well aware for what "crime" my husband was taken and why your "god" America has declared it a crime. My husband's crime is that he is the spokesman for Hizb ut Tahrir in Pakistan, the world's biggest Islamic party that is working for the re-establishment of the Khilafah Rashida, so as to resume the Islamic way of life. In 2003 Musharraf imposed a ban on Hizb ut Tahrir because Hizb was rapidly being accepted by the general public and elite alike. After all, there is not a Muslim that would not want that instead of 57 states, there must be a single state with one ameer. So through fear of this wide acceptance and in accordance with American dictates Hizb ut Tahrir was banned. After this the secret agencies began a relentless campaign of harassment, arrests and abductions against the members of Hizb ut Tahrir. They tried to abduct my husband on many occasions, surrounding him by police but Allah SWT protected him and since even before the ban we have lived under the threat of illegal abduction. And this threat is in a so-called Islamic country from so called Islamic agencies, whose real role should be to protect Muslims from the enemies of Islam and Muslims through vigilance, intelligence and prevention. But alas these institutions are now the personal servants of American puppets like you and so they instead spy on sincere Muslims and seize, imprison and abduct them just because they want Islam

implemented entirely in Pakistan, a land that was established in the name of Islam. The only crime of these Muslims is that they raise their voices for Islam, spread the call that Allah's deen should be established on Allah's earth and struggled so that Islam is dominant in the entire world.

O sold out slaves of America! Do you think that you with such dishonorable and cowardly actions will stop the establishment of the Khilafah? or by threatening us you will stop us from working for it? By Allah we address you as RasulAllah (saw) addressed the chiefs of the Quraysh: That if they were to place the sun on my right hand and the moon on my left so that I stop this work, I will not stop. So, O traitors against the Ummah and enemies of this Deen, do whatever you wish! So summon all your armies, allies and gods from America, Britain and Europe and fight the Lord of all the souls and His army. And do you actually see yourselves winning?

So what did you achieve by taking this one man, Naveed Butt? Do you think that the call for Khilafah will stop? Or that you will receive applause and accolade in the temples of America for your success in sending eight to ten thugs to pick up a single, frail and ill man and then confine him to a secret dungeon, without court or law. So much for the law under your governance, the law of the jungle!

As for you secret agency personnel, fear Allah, drown to death in shame for you are not working to protect Islam and Muslims, you are betraying them and you are working for the worst of our enemies. The hands of Kayani, Zardari and Gillani are red with the blood of innocent Muslims in Afghanistan, tribal areas and throughout Pakistan. You think that you are securing your bread and water by obeying them, but in fact you are trampling over the futures of yourselves and your children, for if there is no country left, from where then will you seek provision? And as for the life that is eternal and never ending, you are burning your chance away, have some fear of Allah for you are Muslim, not kafir and so who should your loyalty be with, Islam or Kufr, with Gillani, Kayani and Zardari or with Hizb ut Tahrir and the Muslims? If you were all but to renounce their rule, their rule would fail for their rule lies upon the shoulders of people like you and if you were to seize back the ground from under their feet you would be successful in this life and be rewarded by Allah SWT in the next.

O Kiyani, Gillani and Zardari! Release Habibullah Saleem and my husband immediately! The days you keep them captive only lengthen the impending punishment for your crime for you must know that the Khilafah will account you for your each and every crime and by Allah's will it will come very soon, for it hangs over your heads now, coming now or sooner, and the end of the criminals is always a lesson to those who take heed!□

**Pakistan's Hizb ut-Tahrir Spokesman abduction issue:
An open letter to Media, Journalists, Owners of Media
Houses, TV Anchors, Reporters and Columnists
From Mrs. Naveed Butt,
wife of Pakistan's spokesman for Hizb ut-Tahrir**

Assalamu Alaikum,

You all know my husband very well. In order to fulfill his professional obligations he remained in touch with most of the people in media. And you also know very well that on Friday, 11th of May 2012, he was abducted by government thugs when he just reached his home after picking his children from school. In front of my three innocent children and neighbors, they dragged him from the car and placed him in the typical white Suzuki high roof van used by ISI and then ran away.

Respected representatives of media!

My husband was working in media for the last twelve years to develop awareness regarding Khilafah. He met a lot of people amongst you as a spokesperson of Hizb ut-Tahrir. He wrote letters and provided literature and books of Hizb ut-Tahrir to you. He had no personal interest with any of you, neither did he expect worldly or financial gains in this thorny path. He only wanted from you that you should join him to combine our efforts in order to establish the Khilafah state and to fulfill this mutual obligation. We spent twelve years in this fear that if not today may be tomorrow, thugs of the government agencies may kidnap him. This danger has also been faced by every sincere Muslim living in this country who wants the comprehensive implementation of Islam and who is struggling for the establishment of Khilafah. Many of our members and supporters have been harassed, imprisoned and abducted by these agencies. Our public Islamic dars's teaching people Quran and Sunnah, were raided and people were arrested. At the moment apart from Naveed Butt, member of Hizb Habibullah Saleem is in illegal detention of agencies for more than a month.

Respected journalists!

My husband spent a lot of time amongst you so that you should realize that the current democratic capitalist system and current governments and politi-

cians have failed and will remain a failure even after hundred years. He also told you that the only possible solution which can lead us out of this miserable situation is to implement the same thing which Allah (swt) gave to His Messenger (saw) and he (saw) implemented it and it remained in place till 1924. Under the shade of Khilafah Muslims remained strong, mighty and the most powerful nation on the earth. This is the only solution which is the demand of our Aqeedah and it is an obligation on us to implement it. Allah swt said:

﴿إِنَّ الْحُكْمَ إِلَّا لِلَّهِ﴾

“The ruling rests only with Allah.” [Yusuf:75]

﴿وَمَنْ لَّمْ يَحْكَمْ بِمَا أَنزَلَ اللَّهُ فَأُولَئِكَ هُمُ الظَّالِمُونَ﴾

“And whosoever does not judge by that Which Allah has revealed, such are the oppressors (Zalimun).” [Al-Maida:45]

But unfortunately most of you did not reply to this call and the call of your conscience and preferred your temporary benefits, jobs and the glitter of this world. But you must remember the way things are moving within the Muslim World soon you will lose these worldly benefits. At this time not only Pakistan but the whole Muslim Ummah and even the entire human race could only be saved with the implementation of the system of Allah (swt). You must remember that this worldly life is momentary and no one can die before his time. Your fear not only lets you down in this world but also you will not get any thing except indignity and disrespect on the Day of Judgment. Allah subhana Watala said:

﴿وَمَنْ أَعْرَضَ عَنْ ذِكْرِي فَإِنَّ لَهُ مَعِيشَةً ضَنْكًا وَنَحْشُرُهُ يَوْمَ الْقِيَامَةِ أَعْمَى﴾

“But whosoever turns away from my reminder (Quran) verily for him is a life of hardship and we shall raise him up blind.” [Taha:124]

RasulAllah (SAW) said:

أَلَا لَا يَمْنَعَنَّ أَحَدَكُمْ رَهْبَةُ النَّاسِ أَنْ يَقُولَ بِحَقِّ إِذَا رَأَاهُ أَوْ شَهِدَهُ فَإِنَّهُ لَا يُقَرِّبُ مِنْ أَجَلٍ وَلَا يُبَاعِدُ مِنْ رِزْقٍ

"Fear of the people should not stop any one of you from speaking the word of truth when he sees and witnesses it, verily saying the word of truth neither brings your death closer nor pushes away your sustenance." (Ahmad)

Therefore you must come out of this fear and openly discuss the name and struggle of Hizb ut-Tahrir. Discuss its harassed and abducted members. I ask you who is responsible for raising the word of truth against these tyrant rulers? Is it not the responsibility of media? If you remain anxious to mention even the name of Hizb, let alone covering its sacrifices for the establishment of Khilafah all over the world, then neither the situation of your personal matters nor the national or international situation would improve for the better.

Respected Anchor persons, Reporters and Columnists!

At this time when my husband has been abducted since 11 May 2012 by these government thugs, and on 24 May these agencies sent a message to us, threatening to kill Naveed Butt and to dispose of his body if he does not desist from his call. Now it is your religious, ethical and professional obligation that you must write and present programs against this vicious and illegal act because being a spokesperson of Hizb ut-Tahrir in Pakistan he remained in touch with you. If you remain silent on this oppression, then these agencies which have been made the slave of the rulers will become more daring in their repression.

Muhammad (saw) said:

"وَالَّذِي نَفْسِي بِيَدِهِ لَتَأْمُرَنَّ بِالْمَعْرُوفِ وَلَتَنْهَوْنَ عَنِ الْمُنْكَرِ أَوْ لَيُوشِكَنَّ اللَّهُ أَنْ يَبْعَثَ عَلَيْكُمْ عِقَابًا مِنْهُ ثُمَّ تَدْعُونَهُ فَلَا يَسْتَجَابُ لَكُمْ"

"I vow by the One in Whose hands my soul rests, you have to enjoin the good and forbid the wrong, other wise Allah will be about to send upon you a punishment from Him, then you would pray to Him but He would not answer you." (Ahmad and Tirmidhi)

Only you people have the weapon of pen and camera which can scare these rulers and inform the people of their tyranny. Then what matter is stopping you to help bring the real change? My husband told you on several occasions that it is only Hizb which is presenting systems of Islam as a detailed practical and implementable program. It is only Hizb which has a comprehensive and practical constitution based on Quran and Sunnah. Also it has a team of best experts, politicians and a people who have global vision who are even today successfully running the affairs of the world's biggest political party spread out in more than forty countries under the command of a single Ameer. Then what hinders you to become a part of this movement of truth and real change? You know very well that whether it is Nawaz Sharif or Fazul ur Rehman or Imran Khan or the so called religious political parties, they all belong to the same cadre. Amongst them no one is the real opposition and also they do not pose any danger to America and its agents Kayani, Zardari and Gilani. Because all of them want the continuity of this corrupt system and share of government in order to squander national wealth. Imperialists, including America and Britain, only feel threatened from Hizb ut-Tahrir and from its call for Khilafah. This is the only reason for banning Hizb ut-Tahrir all over the world. Our members are abducted, tortured and killed. My husband who has been fulfilling his obligation of accounting tyrant rulers with his pen and paper is being kept under illegal detention but on the other hand plunderers, thugs and agents of the imperialists are free to move around with full government security. ... Pakistan's Hizb ut-Tahrir Spokesman abduction issue: Kayani's Thugs Delivers Death Threat to Family of Naveed Butt

Today the agencies sent a message to the family of Naveed Butt, threatening to kill Naveed Butt if he does not desist from his call and to dispose of his body. This is the habit of Kayani's thugs when faced with men of Iman who do not deviate from the Truth. By delivering this death threat, Kayani is merely adding to his mistakes, having made a blunder by abducting Naveed Butt. For this blunder has only strengthened the call for Khilafah in Pakistan as he proved his own bankruptcy before all the people and drew their attention to the real government in waiting, Hizb ut-Tahrir.

Kayani's approach of death threats is taken from his cowboy master, America, because its people love this life and fear death and so they think threats and brute force work on other. But tyranny does not work upon an Ummah that does not count its martyrs in the cause of Islam and re-establishing its Khilafah, even if they numbered thousands as in Syria or Central Asia.

Kayani's brute force approach is a necessity for any agent to a foreign power, for Kayani is a slave and the slave does not think for himself. Kayani can not string a sentence of five words without his master's guidance, who mentors him day and night. And in the issue of Khilafah for the Muslim World, America itself is speechless, because the Khilafah is clearly superior to Western colonialism for the Muslim World. Before the Western division of the Muslim Lands, exploitation of its resources and shackling of its armed forces, the Khilafah was the leading state for centuries and a sanctuary to a wide variety of races and religions. So how can the guardian of Western colonialism Kayani ever put the national voice for Khilafah, Naveed Butt, on open trial, let alone debate with him openly about the real path for liberation of Pakistan?

So, Hizb ut-Tahrir says to Kayani and its masters, die in your anger, drown in your despair and count your days, for tyrants before you tried to extinguish the light of Truth but only succeeded in making it burn more brightly until they were engulfed and no sign of them was left.

﴿يُرِيدُونَ أَن يُطْفِئُوا نَوْرَ اللَّهِ بِأَفْوَاهِهِمْ وَيَأْبَى اللَّهُ إِلَّا أَن يُتِمَّ نُورَهُ وَلَوْ كَرِهَ الْكَافِرُونَ﴾

"They want to extinguish Allah's Light with their mouths, but Allah will not allow except that His Light should be perfected even though the disbelievers hate (it)." [At-Tawba: 32]□

HTI demanded the release of Naveed Butt the Spokesperson of HT in Pakistan and Supported Moslem in Syria to uproot Assad and establish Khilafah

In the heavy rain, Hizb-ut Tahrir stayed holding rally in front of Pakistan Embassy in Jakarta, 31 May 2012. They demanded the release of Naveed Butt, the Spokesperson of Hizb-ut Tahrir in Pakistan. In this opportunity, HTI delegation was welcomed by Ambassador assistant. Through the Pakistan embassy in Jakarta HTI stated their demands to Zardari-Gillani and Kiyani. "Kidnapping of Naveed Butt is a despicable act and had no legal basis at all," Ismail stated that Naveed Butt is an Islamic activist not a criminal. "There is no record at all, he has committed a crime. Therefore, he must be released unconditionally."

In addition to demanding the release of his partner, Ismail also urged the Pakistan military to withdraw his loyalty from the American stooge regime to be loyal only to Islam for the pleasure of Allah alone. He said it in front of hundreds of Soaking wet HTI members.

"Now is the time to give nusrah (help) for the Hizb-ut Tahrir to establish the Khilafah, which will enforce sharia kaffah, stop and punish the traitors who have committed treason and crime," he said.

After completing rally in Pakistan Embassy the thousands of HTI members moved long march to Syria Embassy about two kilometers from Pakistan Embassy. They for the umpteenth time protested and condemned Basyar Al Assad who has killed thousands of Innocent people. HTI sent his delegation to meet ambassador to convey his critic.

Not easy for the delegation to meet ambassador. The police ensured the Embassy official that there was no danger to receive Hizb-ut Tahrir. Through the police negotiations with Embassy official finally the delegation were received by the ambassador assistant. But the assistant didn't please HTI delegation; Labib and Hafidz Abdurrahman to come in and sit down. He only welcomed them in front of office door. Brother Labib ... Cont. on p. 35

O Panetta!

The Ummah Lost Patience with America a Long Time Ago!

On 7 June 2012, the US Defence Secretary, Leon Panetta, expressed his frustration over Pakistan's frustration over America's crusade in Afghanistan and the tribal areas, saying, "We are reaching the limits of our patience." Washington and its puppet in Pakistan, Kayani, should know that the Ummah has lost patience with American oppression a long time ago and the Muslims of Pakistan are no exception.

With Kayani's connivance, Pakistan's armed forces, which is the most capable armed forces of the Ummah to stand in the face of America's brutal hegemony, has suffered immensely. Rather than standing with the Muslims of the tribal areas against America's illegitimate occupation of Afghanistan, Pakistan's armed forces have lost thousands of troops in a wasteful war of Fitna in the tribal areas. A war to secure America's cowardly troops who lose their minds when confronted by a handful of meagerly armed tribal Muslims. The losses incurred by the armed forces are in addition to those in false flag attacks, that the American agencies and private military organizations launched themselves against the armed forces, but blamed the tribal Muslims, in order to push the armed forces into the tribal areas. If this were not enough for Muslims to lose their patience, America has stretched Pakistan's armed forces over three fronts. Firstly America pushed Pakistan's armed forces into the tribal areas. Secondly America opened Afghanistan to India so it can create havoc in Baluchistan, as well as the tribal areas. Thirdly, America asked Kayani and his small band of traitors to bow before India through normalization, encouraging India to increase its oppression in Kashmir. And if this were all not enough for Muslims to lose their patience, what of the billions of dollars of losses to Pakistan's economy and tens of thousands of civilian lives lost, through America's drone attacks and terrorist bomb blasts?

Indeed the Ummah has lost its patience with American injustice and now has arisen in a revolution against America, which is led for the moment by the brave Muslims of Syria who cry "الشعب يريد خلافة من جديد" (**The people want a new Khilafah.**) It now remains for officers of the Muslim armed forces around the world to turn the tide for Islam, by dusting off the small coterie of traitors that rest on their broad shoulders, as a man would dust off a fly. It remains for such officers to bless their mighty shoulders by granting the Nussrah to Hizb ut-Tahrir for the establishment of the Khilafah. And then Panetta and his friends will see what they dread to see. An Ummah honored and glorified by Islam, taking America to task for each and every one of its horrendous crimes against humanity.

﴿وَاللَّهُ الْعِزَّةُ وَلِرَسُولِهِ وَلِلْمُؤْمِنِينَ وَلَكِنَّ الْمُنَافِقِينَ لَا يَعْلَمُونَ﴾

"But honour, power and glory belong to Allâh, and to His Messenger (Muhammad [sal-Allâhu 'alayhi wa sallam]), and to the believers, but the hypocrites know not." [al-Munafiqoun:8].

We advise Panetta and his colonialist country to discard its brutal policies and plans against the Islamic Ummah, to confine its rotten ideology of "freedom" to the dustbin of history and embrace the noble, divine, alternative ideology, Islam, which is better for them, granting success in this world and the Hereafter. And should they refuse, they must take a lesson from their predecessors in false ideologies, the Romans, Persians and the Pharaohs

﴿أَلَمْ يَأْتِكُمْ نَبَأُ الَّذِينَ كَفَرُوا مِنْ قَبْلُ فَذَاقُوا وَبَالَ أَمْرِهِمْ وَلَهُمْ عَذَابٌ أَلِيمٌ﴾

If this was the last capitalist budget speech before Khilafah, then it really would be "historic"

The budget speech of Finance Minister Hafeez Shaikh delivered today, 1 June 2012, has been hailed as being "historic" because it is the first time that a government has made it to the end of its five year term and presented a budget each year. So, this budget is not "historic" because it would provide affordable energy, or revive industry and agriculture, or give people relief from back breaking rises in prices or relieve them of oppressive taxes. It is simply "historic" because it actually took place! Hizb ut-Tahrir declares that what would make this speech historic is that it is the last time that the people would hear an announcement of further oppressive policies based on capitalism, an exploitative and inequitable system, that is collapsing all over the world. What would make it historic is that it is the last such speech before the establishment of the Khilafah, who through Islam would raise the Muslim Lands of Pakistan as an economic marvel. And we elaborate just some of the laws that the Khilafah will implement inshaaAllah.

1. Affordable energy and vibrant industry

Only once the Khilafah is established will you see relief in terms of affordable and available energy. This is because in the Khilafah system, public properties can neither be privatized nor even nationalized, rather the people are its actual owners, whilst the state only administers them on people's behalf. RasulAllah (saw) said,

"الْمُسْلِمُونَ شُرَكَاءُ فِي ثَلَاثِ الْمَاءِ وَالْكَلْبِ وَالنَّارِ"

"The Muslims are partners in three things, waters, feeding pastures and fire" (Ahmad)

Accordingly, all energy resources, including oil and gas wells, coal mines and electricity generation plants will never be privatized. So, the Khilafah will never profiteer from these public properties, rather it will ensure they benefit the entire society. This will significantly reduce the prices of power and fuel, providing relief for the masses and new life to the crippled industry and agricultural sector.

2. Bearable revenue generation

Only once the Khilafah established will you see relief from crippling taxes,

because RasulAllah (saw) said,

“لَا يَدْخُلُ الْجَنَّةَ صَاحِبُ مَكْسٍ”

"The collector of taxes will not enter heaven." (Ahmad)

Accordingly, the state is not allowed to tax the people at will or in response to demands from the World Bank and IMF. The revenues for the Khilafah's state treasury are only those ordained by Allah swt. In Islam, the people's private property has sanctity and the Khilafah state cannot rob its citizens under the guise of "taxation". Only Allah swt decides which revenues are fair as well as who are able to pay them. Islam has its own unique system of revenue collection, including revenue from public properties, such as gas and oil, copper and gold, agricultural production, such as ushr and kharaj, and industrial manufacture through Zakah on goods, which will generate funds for looking after the people, without oppressing them.

3. Stable, affordable prices

Only once the Khilafah is established will you see relief in rising prices, because Islam mandates that each coin and note is backed by real wealth i.e Gold and Silver. RasulAllah (saw) commanded the Muslims to mint Gold Dinars, weighing 4.25g, and Silver Dirhams, weighing 2.975g, as the currency of the state. It means that Khilafah cannot print currency notes according to her will and requirement. This is why the Khilafah enjoyed stable prices for over a thousand years.

4. Agricultural revolution

Once the Khilafah is established, will you see a surge in agricultural production. Uniquely, Islam links the ownership of land with its cultivation. RasulAllah (saw) said:

“مَنْ أَعْمَرَ أَرْضًا لَيْسَتْ لِأَحَدٍ فَهُوَ أَحَقُّ”

"Whosoever cultivated a land that is not owned by anybody, then he deserved it more." (Bukhari)

Islam has also stipulated to take back the agricultural land from his owner if not cultivated for three consecutive years. This will ensure the full utilization of the agricultural land by the owner which will increase agricultural production. The Khilafah state will provide grants or loans without interest for anyone who can cultivate lands. So, within months, there will be an increase in both cultivation of land and increased rural livelihood. So Hizb ut-Tahrir calls upon the Muslims to turn aside from kufr capitalism, and embrace the serious work for the immediate re-establishment of the Khilafah. □

Bashar follows his fathers' footsteps: Bombing and burning people to quell a blessed revolution.

A few days ago leaks emerged from trustworthy sources citing the intention of the evil regime in Syria to conduct large and bloody explosions around Damascus. Now this has actually happened.

On Thursday, 10/05/2012 the murderous regime instigated explosions in several cities, including Aleppo and Idlib - and the heaviest in Damascus - under false pretext. The explosions were described by the regime as the most violent since the start of their bloody game - a cowardly regime that fights for its survival on the blood of the people of Sham, and their war-torn scattered bodies. An imitation of what his (Bashar al Assad's) father did in the eighties!!

To understand the reality, circumstance and aim of these explosions we look at the following facts:

1. These explosions came after the revolutionary flames reached Damascus and its surroundings, even touching borders of the presidential palace.
2. These explosions were replicas, in the same style and in similar circumstances, coming shortly after the arrival of the observers' mission.
3. The fraudulent Syrian media were, as usual ahead of events, transferring live images only moments after the explosion in Damascus, near Kazzaz junction, and showing hired supporters chanting for Bashar. This dim-witted media transmitted direct images of burnt cars showing detainees whose hands were fixed with chains to a backseat headrest, where the regime officials thought the heat of the explosion would melt the chains! This corroborates its involvement in a criminal act unprecedented in history.
4. For some days before the explosion, Syrian security closed certain roads near Kazzaz junction in Damascus, so as to force cars and pedestrians to walk on specific roads in advance of this crime.

5. The intensity of the two simultaneous explosions in Damascus, the size of the explosives, the extent of the damage they caused (reaching more than one hundred meters) - all of this confirms these explosions required State-level capability to execute, not the capability of individuals or cross-border smugglers (where most borders are mined). Continuing the deception, the regime chose sites close to the compounds of security branches, giving the impression that it is the victim rather than the butcher, for the sake of world public opinion, that is complicit in the propaganda!

6. These explosions across the country translate into reality what Bashar's gangs, security and bullies threatened on the walls and doors of shops, writing: "It has to be Bashar or else we burn the country."

7. These explosions have legitimized the deadlines given by the international community to the criminal Syrian regime, with whom they have colluded. The statement of the U.S. Defence Secretary Leon Panetta regarding the explosions in Damascus reveals the extent of collusion and association with Bashar's criminal policy, and their attempt to cover his horrific crimes, when he said, "They bear the signature of Al Qaeda".

O patient Muslims in Sham, who will have victory, Allah willing:

No one save Allah Almighty can remove the great calamities that have befallen you. So, be patient and count your reward with Allah. Victory is near, Allah willing. Its good signs have become visible to the believers; while their enemy is terrorized of them. Relief does not come except to those who do good with pure intention to Allah. Victory does not come except after hardship, and cannot be won except with patience.

O Allah! Provide for us people of power in Syria, as you provided them for your noble Messenger in Madinah. And decree for this Ummah relief that starts from Sham; and honor us by the establishment of the rightly-guided Khilafah that fills the earth with fairness and justice after it has been filled with injustice and oppression.

Allah (swt) says:

﴿ يَا أَيُّهَا الَّذِينَ آمَنُوا اصْبِرُوا وَصَابِرُوا وَرَابِطُوا وَاتَّقُوا اللَّهَ لَعَلَّكُمْ تُفْلِحُونَ ﴾

Hague's Visit to Kenya Is to Consolidate British' Imperialism in Kenya

The British foreign secretary William Hague recently visited two countries, Somalia and Kenya. In his visit to Somalia, Hague held talks with Sheikh Sharif Ahmed the president of the Somali transitional Government on situation of Somalia. This visit comes just three weeks before an international meeting scheduled for London whose top agenda will be the solution to Somali crisis, piracy in the Indian Ocean and fighting 'terrorists'.

The political party Hizb ut-Tahrir East Africa views this visit as disclosing the British devised to continue colonizing Somalia and plundering its resources. We verily know that the UK is not alone in this conspiracy but France and the US follow in the same suit. No doubt the planned meeting will have no positive result to the Muslims inside Somalia; rather the meeting will be an advanced plan to continue ruining and dividing the Muslim land under the disguise of countering terrorists. As regards his visit to Kenya, Hague reiterated Britain's full support toward the action taken by Kenyan army and that of the AMISOM. His visit rather is an indication of the Britain's' pressure on Kenyan authorities' invasion inside Somalia with an objective to create a semi-autonomous state in Jubaland called 'Azania'. It should be noted that UK is already occupying and controlling the northern part of Somalia Puntland, and now wants to extend its occupation into its southern part of Jubaland. No doubt the UK cares not in the least about economic losses to Kenya as a result of its war on Somalia nor the bloodshed of Muslims in the region, but it is only concerned with her colonial interests.

Lastly, Hizb takes this visit of this high profile British leader as a sign of the arrogance of western nations especially Britain and US who regard other countries including African countries as their territories despite these countries claiming 'independence'. These two major powers see themselves as masters who rebuke other 'small countries', interfere in their internal affairs and more dangerous causing civil strife in our ...[Cont. on p. 36](#)

The Result of Friendship Colonist Crusaders is more Bloodshed

﴿إِذَا لَمْ تَسْتَحْيِ فَاصْنَعْ مَا شِئْتَ﴾

“If you're not ashamed, so do whatever you will...”

Crusaders and their Afghan strategic partners (Government & Parliament) are equally partners in the killing of innocent people of Afghanistan. After signing the strategic pacts with the invaders, the number of killings has increased and not decreased, which include men, women, children and elderly people. Though one of the major objectives of the puppet Hamid Karzai was that such terrible incidents will stop once the strategic pact is signed with the Kafir crusader, and the Afghan forces would take charge of the night raids as well. Using all these false justifications with the help of the so called PMs; the strategic pact was signed after which tens of Muslims in Logar, Badghes, Helmand, Kapisa, Kunar and Paktia provinces were killed.

Allah (swt) says in his Holy Book about such evil acts as:

﴿وَلَا تَحْسَبَنَّ اللَّهَ غَافِلًا عَمَّا يَعْمَلُ الظَّالِمُونَ إِنَّمَا يُؤَخِّرُهُمْ لِيَوْمٍ تَشْخَصُ فِيهِ الْأَبْصَارُ﴾

“And do not pretend that Allah is unaware of Zalimoon's deeds; rather he puts them back for a day when eyes will stare...”

After signing the illegal pact, three people, two eight years kids and one elderly person, were killed in the Azra district of Logar province, in Helmand province a mother was killed with her three daughters and two sons, in Kapisa province many people were killed as well, in Kunar province according to the government commission, eight people were killed, in Paktia eight members of a family were killed, and recently in Baraki Barak district of Logar province 18 people including women, children and elderly people were brutally murdered by the crusaders.

The response of the tyrant Afghan regime to all these killings was the response of an enslaved regime. They condemn the event with words full of hypocrisy, saying that repeating such acts will make them invaders. They fail to comprehend the reality that from the first day, these crusaders were invaders and have brutally colonized the Muslim ...Cont. on p. 36

Statement of Hizbut Tahrir Indonesia "Reject the presence of U.S warships"

As it was reported by Reuters (05/21/2012) the Commander of Indonesia Navy for eastern territory, Rear Admiral General Pramono has confirmed the plan that three U.S. warships , namely the U.S. CG WAESCHE, U.S. Navy USS Vandegrift FFG-48 and USS GPN LSD 42 ,will visit Indonesia on May 28, 2012,and will carry 831 personnel. Some of the activities to be performed since their arrival until the 8th of June, among others,will be social work in Madura and joint exercises with 1244 Indonesia Navy in the Coast of Banongan Situbondo, East Java, on June 2-5, 2012. The Joint exercise with password "Cooperation of Afloat Readiness and Training" (CARAT) will involve three Navy Ships and other combat equipment. Before starting the event, three US warships will rely on the General Port of Tanjung Perak. For their convenience the harbor will be closed for few days. This policy is drawing protests from employers because it will cost them up to tens of billions of dollars due to the cessation of the activities of loading and unloading of goods at the port.

Out of the controversy about clearing port of Tanjung Perak from all business activities which is rejected by entrepreneurs, the presence of U.S warships and war training program in the region reveals wide US military intervention in Indonesia or at least, the beginning of military intervention of imperialist America in Indonesia.

U.S plans to strengthen its political and economic intervention which had been already started. The U.S wants to save its large political and economic interests in Indonesia from any distraction. The U.S wants to ensure that all interests are guaranteed sustainable and to anticipate every threats, barriers, and disturbances. Here is the real meaning of the presence of three U.S warships and war training program.

Regarding to this, Hizb-ut Tahrir / Indonesia:

1. Reject the presence of U.S Warships and war training program that will be held in Indonesia. Because it is a military intervention of U.S to strengthen its political and economic domination over our ...Cont. on p. 37

Hizb ut-Tahrir and the Struggle for Khilafah

In the House of Commons this week, the former Home Secretary, John Reid, confirmed what for some time has been an open secret – that despite the pressure on the UK government to ban Hizb ut-Tahrir from dictators in the Muslim world, like President Musharraf and President Karimov, there has been no evidence whatsoever to link Hizb ut-Tahrir to terrorism or violence.

Former Home Secretary John Reid pointed to two recent reviews of Hizb ut-Tahrir which concluded there was “not sufficient evidence” for it to be banned. Reid added that, “nothing would be more politically disadvantageous than taking a case without evidence and then losing it...It would confirm all of the accusations made against us.”

For over fifty years, Hizb ut-Tahrir has been at the forefront of the political work in the Muslim world to end tyranny and dictatorship. Tony Blair’s proposal to ban Hizb ut-Tahrir in August 2005 was intended to stop our political work to replace western backed dictators in the Muslim world. We accept that it is undoubtedly true that our organisation causes the government considerable political and diplomatic discomfort, in that our campaigning against dictators in the Muslim world, many of whom are allies of the government – such as General Musharraf and Presidents Karimov and Mubarak - exposes its hypocrisy.

Hizb ut-Tahrir works for the return of the Khilafah in the Muslim world - an Islamic system of government with an accountable leadership, chosen through the authority of the people, in which the rule of law would replace the tyranny that currently exists. A recent study by the University of Maryland found that there was over 70 per cent support for the Shariah and the Khilafah in the Muslim world.

Dear Brother and Sisters!

Islam, in particular its political ideas such as Shariah, Khilafah and Jihad, are today attacked under the guise of attacking ‘Islamism’. ‘Islamism’ was a term created to label those Muslims who stand up to ...[Cont. on p. 37](#)

Turkey says US favourable to sale of armed drones:

President Barack Obama's administration is inclined to sell armed drones to Turkey but has to convince Congress first, Turkey's president told reporters after a meeting with the U.S. leader. Washington, which is providing technical and intelligence to Ankara in its fight against autonomy-seeking Kurdish rebels, deployed four Predator drones from Iraq to Turkey last year. NATO-ally Turkey is now trying to acquire armed drones - the kind the U.S. has used to target militants in places like Yemen and the border region between Afghanistan and Pakistan. But analysts say some Congress members may oppose the sale of armed Predator drones to Turkey due to its tense relations with Israel, a close U.S. ally. A botched Turkish military airstrike in December aimed at the rebels of the Kurdistan Workers' Party that killed 34 civilians is also likely to further complicate any sale. "The administration's position (toward the sale) is favorable," Turkey's state-run Anadolu Agency quoted President Abdullah Gul as telling Turkish reporters after a meeting with Obama

on the sidelines of a NATO summit in Chicago late Monday. "They are trying to convince Congress." "President Obama, Secretary of State Clinton and their aides are trying their best," he added. The Turkish president said he told Obama during their discussions that the armed drones are not as lethal as F-16 fighter jets, which Turkey already has in its fleet, or the F-35 fighter jet whose development Turkey is involved in. "This must be explained to Congress," Gul said. "They must not act begrudgingly toward an important allied country. They have to trust it." □

Kuwait's ruler blocks MPs' Islamic law proposal:

Kuwait's ruler has blocked a proposal by 31 of the 50 elected members of parliament to amend the constitution to make all legislation in the Gulf Arab state comply with Islamic law, an MP said on last week. The approval of Kuwait's emir, Sheikh Sabah al-Ahmad al-Sabah, is needed for any constitutional change. "His highness the emir is not in favour," said Mohammad al-Dallal, an Islamist MP and legal expert. The proposal was put forward by the Islamic Justice Bloc and signed by 31 lawmakers, he said. Political parties are banned in Kuwait so MPs have to rely on forming blocs in parliament. The 15-member cabinet selected by the prime minister can also vote in parliament. "We must think again about convincing the emir or submitting it

convincing the emir or submitting it again in another format," Dallal said. "Our society is a conservative society, a lot of people request that laws comply with sharia (Islamic law). We also do not have a stable political system," he said, adding such an amendment could help make law-making less chaotic. □

U.S. general says Afghanistan will need "combat power":

The United States will require "significant firepower" in Afghanistan in 2013-14, the commander of U.S. and NATO forces there said, but decisions about further U.S. troop reductions will only be made after this fall at the earliest. "We're going to need combat power. I don't think anyone questions that," Marine General John Allen said on Wednesday. "I owe the president some real analysis on this." Allen spoke to reporters two days after NATO leaders discussed Afghanistan's future in Chicago, embracing a plan to hand control to local security forces by the middle of 2013 and, Western leaders hope, to end the long, costly Afghan conflict. By the end of this summer, Allen is due to withdraw all the 33,000 "surge" troops that President Barack Obama sent to battle the Taliban in 2009-2010. Once those troops are gone, Allen will assess the campaign and make recommendations to the White House about how best to withdraw most of the remaining U.S. force of about 68,000. "I intend to

take a very hard look at the state of the insurgency," Allen said, and how Afghanistan's growing military is faring. Those factors will inform his recommendations to Obama about how many troops can be pulled in 2013 and 2014 without allowing the Taliban to stage a comeback. "So there's not a number right now," he said. While most foreign troops will be gone from Afghanistan by the end of 2014, a modest number of Western soldiers are expected to stay beyond then, focused on targeted strikes against militants and advising Afghan forces. □

C. Conditional aid: US senators vote to tie Pakistan aid to supply routes:

A US Senate panel voted cuts in aid to Pakistan on Wednesday and threatened to withhold even more cash if Islamabad does not reopen its supply routes for Nato soldiers in Afghanistan, reflecting American frustration over a months-long stand-off. Pakistan closed the supply routes through its territory to Afghanistan in protest when US aircraft killed 24 Pakistani soldiers along the Afghan border last November. The Senate panel voted to cut aid to Pakistan by 58% in fiscal 2013 from the request by the administration of US President Barack Obama, said the panel's chairman, Senator Patrick Leahy, who is a Democrat. The senators voted \$1 billion for Pakistan, including \$800 million in foreign aid. However, funding for the Pakistan

including \$800 million in foreign aid. However, funding for the Pakistan Counterinsurgency Capability Fund was limited to just \$50 million, and that money was tied to the supply lines' reopening, said Senator Lindsey Graham, the panel's top Republican. "We're not going to be giving money to an ally that won't be an ally," Graham told reporters. The counterinsurgency fund was established several years ago to help train and equip Pakistan's military. Pakistan has been one of the leading recipients of US foreign aid and in recent years US lawmakers have approved more than \$20 billion in aid and reimbursements since 2001. The administration suspended \$800 million in aid for Pakistan's military last year but American officials have suggested the aid could be restored if Pakistan would display more commitment to counter-terrorism operations. □

Spain faces 'total emergency' as fear grips markets:

Spain is facing the gravest danger since the end of the Franco dictatorship as the country is frozen out of global capital markets and slides towards an epic showdown with Europe. "We're in a situation of total emergency, the worst crisis we have ever lived through" said ex-premier Felipe Gonzalez, the country's elder statesman. The warning came as the yields on Spanish 10-year bonds spiked to 6.7pc, pushing the "risk premium" over German Bunds to a post-euro high of 540 basis points.

The IBEX index of stocks in Madrid fell 2.6pc, the lowest since the dot-com bust in 2003. Chaos over the €23.5bn rescue of crippled lender Bankia has led to the abrupt resignation of central bank governor Miguel Ángel Fernández Ordóñez, who testified to the senate that he had been muzzled to avoid enflaming events as confidence in the country drains away. Markets are on tenterhooks as Spanish yields test levels that forced the European Central Bank to respond last November with its €1 trillion liquidity blitz. "Nobody is short Spanish debt right now because they are expecting European Central Bank (ECB) intervention," said Andrew Roberts, credit chief at UK's RBS. "If it doesn't come -- if we take out 6.8pc -- we're going to see a hyperbolic sell-off," he said. □

US and 18 other nations conduct massive military exercise In Jordan:

More than 19 countries, led by the United States, wrapped up the sprawling Operation Eager Lion military exercise this week in Jordan at a time of heightened tensions in the region. Though the exercise had been long scheduled and was designed to improve military coordination between allies, it drew far more attention than usual given the deepening civil war across the border in Syria. Many press accounts, particularly on cable news channels like CNN, tried to connect the exercises to Syria's war. Among the wilder media specu-

to connect the exercises to Syria's war. Among the wilder media speculation were claims Eager Lion was a dry-run for an invasion or cover for training Syrian rebels. Those fanciful accounts are belied by the fact that Eager Lion 2012 was three years in the planning and amounts to an outgrowth of the annual bilateral "Infinite Moonlight" US-Jordan exercise that stretches back to the 1990s. Major General Ken Tovo of the US Special Operations Command, who was in charge of the participating US forces, explained the objective was to "build partnerships and friendships that will allow us to serve successfully together to meet any challenges that our nations ask us to."□

Yemen Food Crisis: 300,000 children are starving:

Hundreds of thousands of children are facing life-threatening levels of starvation in Yemen as a food crisis grips the nation. People fleeing fighting in the North and South of this troubled country live in squalid camps with almost no chance of returning home and finding anything left. They are caught in a cycle of poverty and insecurity that is threatening to engulf the displaced people of the poorest country on the Arabian peninsula. More shocking is that their numbers are utterly dwarfed by those facing starvation that have not left their homes and have not been forced into camps. Yemen has a catastrophic food crisis. Nearly half the population, 10 million people, does

not have enough to eat. While 300,000 children are facing life threatening levels of malnutrition. The United Nations says Yemen is already in the throes of a disaster. "The levels are truly terrible. Whatever we do thousands upon thousands of children will die this year from malnutrition," Unicef's man in Yemen, Geert Cappelaere, said. "In some areas child malnutrition is at 30%, to put it in context, an emergency is 15%. It is double that already."□

India fears for Afghanistan after NATO pullout:

India called for greater coordination with the United States on Afghanistan, voicing fear that Islamic radicals would gain strength once Western forces pull out. India's involvement in Afghanistan has enraged neighbouring Pakistan, which helped create the Taliban regime and accuses its historic rival of seeking to encircle it. Yashwant Sinha, a lawmaker from India's main opposition Bharatiya Janata Party, was blunter about fears on Afghanistan during a separate appearance in Washington at the Brookings Institution. "I have great fears that Pakistan, for its own geopolitical reasons, might want to encourage Taliban to again take over Afghanistan," said Sinha, who served as foreign and finance minister when his right-leaning party was in power from 1998 to 2004.□

The very least that you can do in the hope of atoning for your sins, is to make way for the sincere and capable to succeed you in ruling. Respected members of media!

My husband Naveed Butt has been abducted by ISI officials on the orders of Kayani because he was strongly opposing the opening of NATO supply line and declaring Kayani, Zardari and Gilani traitors because they have helped America in order to spill the blood of thousands of Muslims in the name of war on terror. Tell me what is wrong in it or is it a crime to talk about the establishment of Khilafah in a country which was created in the name of Islam? Now it is an obligation upon you to raise your voice against this grave injustice other wise you will not be able to explain your position in this world after the establishment of Khilafah nor will any excuse on the Day of Judgment will save you from the wrath of Allah. Therefore you have a golden opportunity to respond to the call of Allah and his Messenger (saw) and save your Dunya and Aakhira. Allah Tala says:

Remind the government not to continue the war training program with U.S. The government must reject the presence of U.S troops in any form, in any number and in any area of Indonesia because their presence means their military intervention and domination over this country. This is clearly contrary to the principles of sovereignty. Through closing the port of Tanjung Perak, the presence of U.S force has made advantages economically for economic agents. If the government permits the presence of U.S troops and continue to run war training program with U.S, it will surrender and bow in front of US and its interests which all people reject strongly.

3. Call on Muslims to strive earnestly for the re-enforcement of Sharia and caliphate. Because only sharia can realize goodness and justice and uproot secularism and capitalism. While Khilafah will actually protect all Muslim countries, including Indonesia from foreign intervention in all forms.□

Hizb ut-Tahrir and the Struggle for Khilafah

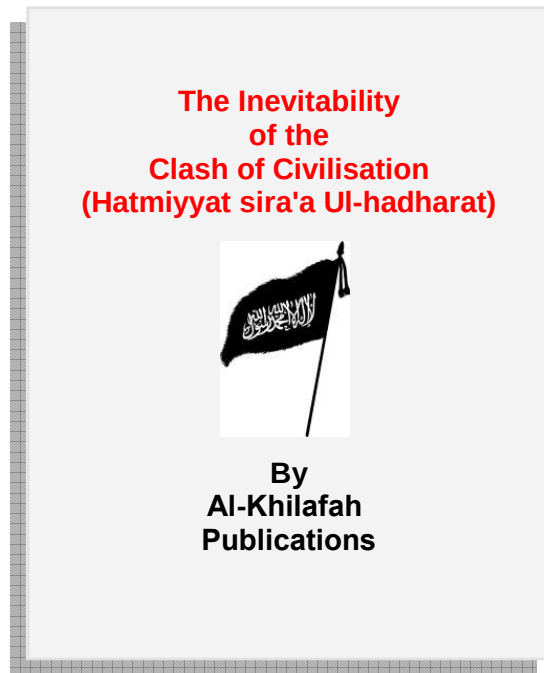

colonialism, speak out against dictators and desire the return of Islam to state and society in the Muslim world. Shariah is attacked as backward and oppressive, Khilafah as an 'evil ideology' and Jihad as 'terrorism'. Even doing actions for Allah's (swt) sake or seeking Jannah are now described as 'extremist' beliefs.

Despite the intense scrutiny that our community finds itself under, Hizb ut-Tahrir invites you to join with it in continuing its struggle to expose the colonial policies of western governments in the Muslim world and create a positive public opinion about Islam as a way of life and the Khilafah as a new state and civilization that will free the Muslim world from chaos, instability and injustice.

Book of the Month:

When we say dialogue or clash, we mean Muslims, their deen and their civilisation on one side; and Christians and their religion and the Capitalists and their civilisation, on the other side. It is a malicious attempt that the leaders and intellectuals of the Capitalist civilization differentiate between Islam and its followers i.e. between Islam and Muslims. However they attempt to delude the naïve from amongst Muslims, attempting to reduce the rancour against them when they strike a Muslim people, or when they attempt to spread the concepts of their civilisation among Muslims. They know that the Islamic 'aqeedah still remains in the souls of Muslims and it is strong in the majority of them. So if they openly declare their enmity to Islam, they will stir up Muslims and provoke them. Thus they use these deceptive sentences as a weapon to anaesthetize Muslims and to deceive them. They concentrate in the defini-

tion of this dialogue upon three matters:

1. Equality between religions and civilisations in the dialogue without superiority or preference of a religion or civilisation over another.

2. The limit of the dialogue is restricted to mere knowledge of the other's opinions without addressing its refutation or invalidation.

3. Creating an alternative civilisation through the method of arriving at the common denominators between the two religions and two civilisations.

A. Equality and equivalence between religions and civilisations, and non-preference between a religion and another or a civilisation and another. How strange for the one claiming Islam, then he equalises between Islam and kufr, between atheism and trinity and tawheed, between the denier of the Prophethood of Muhammad and the believer in it, between the worship of Allah and worshipping creatures, between fornication and marriage, between permitting homosexuality and forbidding it., tawheed to polytheism, halal to haram. Subordination is rejected, equality is rejected, and remaining about the preference of Islam .

B. Accepting the other as it is and discovering it without pronouncing judgments against it, but rather understanding and recognizing its views without restriction or condition. **"Say: 'O you disbelievers! I do not worship that which you worship. And you do not worship what I worship'"** for dialogue with disbelievers (kafireen) and His swt saying: **"If one of the polytheists seeks your protection, grant him protection until he hears the word of Allah then es-**

cort him to a place of safety" for dialogue with polytheists; this is an incorrect deduction and outside its context. Surat Al-Kafirun has pronounced a judgment against them, which is that they are kuffar and will remain upon their kufr without ever believing. Allah swt knew that they would never believe and He informed the Prophet (saw) about that. He (swt) commanded him to convey it to them and to reject their offer of mutual exchange of deities yearly. So there remains no place for dialogue after Allah swt informed that they would remain disbelievers until death. This Surah descended regarding specific people. Allah spoke the truth.

C. The objective of dialogue between civilisations is interaction to create an alternative superior civilization through the means of seeking to find out what is common and human; a matter that leads to the advance and flourishing of civilisations, and spreading of peace. The objective of dialogue between religions is to prevent Islam from entering the arena of the struggle. This, in turn, leads to progress, flourishing and spreading peace. How bad is the deduction of this concept by someone using His swt saying: "Say: 'O People of the Book. Come to a just word between us: That we worship none but Allah nor associate anything with Him nor some of us taking each other as lords'. [So he says: "This is a dialogue with others from a position of equality.' Then he interprets His swt saying: "To a just word" into the word "common (between us) (and) "we do not say we dialogue to (reach) to our word." This understanding of the

ayah is slandering upon Allah, as the meaning of 'sawaa' is just ('adl), i.e. a just word which what the ayah explains subsequently. There is nothing in the ayah, whether in its wording or its meaning, that indicates we invite them to a common word. "We do not say that we dialogue to our word" so nothing remains except that he wants the common civilisation.

In brief, the clash of civilisations is an inevitable matter. It existed in the past, exists now and will remain until the clash ends shortly before the Hour, Do not be deceived by the callers to the dialogue who place their heads in the sand and condone humiliation and defeat. Make the preparations required for the conflict, since the Western civilisation has knocked you down militarily, politically and economically; however they will never defeat you intellectually. Your 'aqeedah is hard to defeat; and it remains alive in the souls, except that some concepts of your civilisation coming out from your 'aqeedah have been afflicted with some contamination and some dust has struck them. So work to purify them by returning to the Book and Sunnah. Beware of accepting a saying without evidence, or accepting a saying with evidence from a non-mujtahid. This is the period of ignorant leaders, who give fatawa without knowledge. So beware of them, and search for sincere active scholars, and take your deen from them, for they are the lamps in the darkness. And know, that the ultimate triumph and victory is for Islam and Muslims. Allah and His Messenger promised us in definite reports so be confident in the good promise of Allah. □
